ANTIGUA & BARBUDA: FOURTH FOLLOW-UP REPORT

I. Introduction

1. This report represents an analysis of Antigua and Barbuda's second report back to the CFATF Plenary concerning the progress that it has made with regard to correcting the deficiencies that were identified in its third round Mutual Evaluation Report. The third round Mutual Evaluation Report of Antigua and Barbuda was adopted by the CFATF Council of Ministers on June 23, 2008 in Haiti. Antigua and Barbuda presented its third follow-up report at the Plenary in Honduras in May 2011 having been placed on a one (1) year expedited follow-up. Based on the review of the follow-up action taken to address the recommendations that were still outstanding after the presentation of the third follow-up report, this report will recommend whether Antigua and Barbuda would be placed on biennial or remain in regular (normal).

2. Antigua and Barbuda received ratings of PC or NC on eleven (11) of the sixteen (16) Core and Key Recommendations as follows:

Rec.	**1**	**3**	**4**	**5**	**10**	**13**	**23**	**26**	**35**	**36**	**40**	**I**	**II**	**III**	**IV**	**V**
Rating	**PC**	LC	**PC**	**PC**	**NC**	**PC**	**NC**	**PC**	LC	C	LC	**PC**	**PC**	**NC**	**NC**	LC

3. With regard to the other non- core or key Recommendations, Antigua and Barbuda was rated partially compliant or non-compliant, as indicated below.

Partially Compliant (PC)	**Non-Compliant (NC)**
R.14 (Protection and no tipping-off)	R. 6 (Politically exposed persons)
R. 17 (Sanctions)	R. 7 (Correspondent banking)
R. 24 (DNFBPs regulation, supervision and monitoring)	R. 8 (New technologies and non-face-to-face business)
R. 25 (Guidelines and feedback)	R. 9 (Third parties and introducers)

* As at December 31, 2011, there were (10) entities with a gaming licence and (6) entities with a wagering licence. The total asset base of these entities as at December 31, 2009 was $559,870,283.

* Please include savings and loans institutions, credit unions, financial cooperatives and any other depository and non-depository credit institutions that may not be already included in the first column.

* If any of these categories are not regulated, please indicate so in a footnote and provide an estimate of the figures

II. Scope of this Report

6. As noted in Antigua and Barbuda's Third Follow-Up Report, the Core Recommendations[1] R. 5, 10 and SR.I and SR.IV have been fully complied with, while R. 1 and 13 have only minor outstanding deficiencies. With regard to the Key Recommendations[2] SR. II and SR. III have been fully complied with, while R. 4, 23 and 26 still remain outstanding with R. 23 having the majority of recommendations outstanding. With regard to the remainder of the Recommendations, R. 12 and 16 still have minor deficiencies outstanding (relates to issues with R. 1 and 13). R. 25, 29, 30, 32, 33, 34, SR. VI and SR. VIII still has outstanding deficiencies. Based on the aforementioned, this Report will focus on the Recommendations that remain outstanding and to which there have been new developments since the third Follow-up Report.

III. Summary of the Progress made by Antigua and Barbuda.

7. Since Antigua and Barbuda's third follow-up report, the Police Proceeds of Crime Unit (PCU) has been established on 20 May 2011. This Unit, exercises powers under the Proceeds of Crime Act 1993, and is now making applications for production orders and restraint orders. Since its establishment, two restraint orders have been obtained and the PCU is awaiting the completion of the criminal proceedings in order to move forward with confiscation proceedings should there be a conviction. The PCU has also acted pursuant to the MLPA, to seize cash and in that regard has

[1] The Core Recommendations R. 1, 5, 10, 13, SR. 1 and SR. IV refer to the previous FATF 40+9 Recommendations, which are still the Recommendations in effect with regard to this follow-up report.

[2] Recommendations 4, 23, 26, SR. II and SR. III are the Key Recommendations that were rated PC or NC for Antigua and Barbuda.

obtained a detention order and has applied for forfeiture of the cash and is currently awaiting the outcome of the hearing.

The ONDCP has since December 2011 brought seven (7) money laundering charges in three new cases, all of which are making their way through the judicial system. The ONDCP and Supervisory Authority have also been pursuing forfeitures. In the first instance, the ONDCP forfeited the vehicle of a drug trafficker on the basis that it was an instrumentality of the offence of which he was convicted and in the second instance, two civil forfeiture applications are to be heard shortly in which the ONDCP has applied for forfeiture of vehicles of drug traffickers after criminal forfeiture was not achieved. The applications were made on the basis that the vehicles are instrumentalities of money laundering offences. Additionally, the Supervisory Authority has successfully obtained the forfeiture of cash from a person who was attempting to purchase drugs. Since the last report the ONDCP has made eight cash seizures. The ONDCP has, (as of June 2, 2011) also undertaken the role of the distribution to financial institutions of updates to the UN Security Council declaration of terrorists. Based on a review of the time elapsed for distribution to the financial institutions, there has been a significant improvement, with the elapsed time going from eighty-four (84) days in May 2011 to one or two days in 2012.

8. The FSRC has received twenty-two (22) applications for licences for corporate management and trust service providers, two (2) applicants have discontinued the application process; one (1) has applied for an exemption from to the Corporate Management and Trust Services Providers Act No. 20 of 2008. In effect there are nineteen (19) pending licences for corporate management and trust service providers. Presently (4) licenses have been issued and fifteen (15) are in the process of being assessed for onward submission to the Board of Directors for consideration. With regard to the Strategic Implementation Planning (SIP) Framework, Antigua and Barbuda are making preparations for their in-country training, which will involve all the relevant stakeholders that will be necessary to fully execute the SIP Framework templates.

Core Recommendations

Recommendations 1 and 13

9. As noted in the previous Follow-Up Report, Antigua and Barbuda had passed legislation in 2010 addressing migrant smuggling and human trafficking, which were along with piracy outstanding predicate offences for ML and FT. Most recently, these two pieces of legislation (Trafficking in Persons (Prevention) Act, 201 and Migrant Smuggling (Prevention) Act, 2010) have been amended and are before Parliament to make the offences within them specified offences. Draft amendments have also been made to the MLPA making those offences ML offences. Legislation addressing piracy is being drafted and should be completed soon. Based on the aforementioned, there is still an outstanding issue for R. 1 with regard to the designated category of offences for ML which also affects compliance with R. 13.

Key Recommendations

Recommendation 4

10. As noted in the Third Follow-Up Report, measures that would allow the ECCB, FSRC, the Registrar of Cooperatives and the Registrar of Insurance to share information with other competent authorities have been further addressed since the last follow-up report with the signing of a MOU[3] between the ECCB and the FSRC in its capacity as a self regulating unit (SRU). The MOU was executed on April 28, 2010. The Third Follow-Up Report also noted the inconsistent language in the MOU and noted that it was unclear whether it in fact obligated the ECCB to share information. (See. current footnote 4). The Antigua and Barbuda Authorities have noted however that the MOU signed between the FSRC and the ECCB has resulted in the satisfactory sharing of information between both entities. The Authorities have also noted that a recent case of consolidated supervision by the two entities further demonstrate the effective implementation of this MOU.

11. Pursuant to the MOU a request was made by the ECCB in or around November 2011 for data to be shared and submitted to the Central Bank for their review to assess the credit union industry within the jurisdiction. The information was duly shared by the FSRC. Subsequently in February 2012 the ECCB requested (pursuant to the MOU), the conducting of an onsite visit of the two largest credit unions. A Consultant from the IMF and CARTC, together with members of the ECCB conducted the examination. An in-depth report will be submitted in due course; however the preliminary indication is that the cooperatives are financially sound.

12. The Authorities have noted that in the past, the use of the MOUs was undocumented. Currently, however its use is being documented. There continues to be an active exchange of information as is appropriate between the two organizations which is benefiting the ability to address issues of ML. The ONDCP advises about on-going investigations relating to companies which the FSRC regulates. The FSRC advises the ONDCP when companies have been granted licences to operate, or have, or are in the process of leaving the market. The ONDCP advises about training to be conducted with the financial institutions which are regulated by the FSRC. In addition specifically, the FCU has been able to obtain entity profile information for the Online Gambling sector as well as receive AML/CFT compliance reports concerning the sectors affecting international banks and offshore trusts.

Recommendation 23

13. In the Third Follow-Up Report, the Antigua and Barbuda Authorities had noted that amendments were to be made to the Insurance Act, Cooperatives Societies Act and the Money Service Business Act. During the third quarter of 2011, the Insurance (Amendment) Act, 2011 came into force. This piece of legislation amends Section 17 of the Insurance Act, 2007 by requiring the prior approval of the Superintendant of Insurance[4] for changes to the insurance companies' registration particulars, directors, management, shareholders, shareholdings, or classes of insurance business offered. This amendment will meet the Examiners' recommendation that registered insurers should be required to obtain the approval of the Superintendant before making changes to the shareholding, directorship or management of the insurance company.

[3] A review of the terms of the MOU however, does not firmly suggest that the ECCB is required to share information[3] since the specific laws of each jurisdiction supersedes the MOU. It should be noted that the specific laws limits the sharing of information. For example, Article 7 of Section II states that 'This MOU does not create any legally binding obligations, confer any rights or supersedes domestic laws.' Similar language also exists in the preamble to the MOU.

[4] Prior legislation designated the Superintendant of Insurance as the successor to the Registrar of Insurance.

14. The Amendment to the Cooperative Societies Act were aimed at requiring the Registrar of Cooperatives to use fit and proper criteria in assessing applications for registration and also having the power of approval over the management of a society. In this regard, the Authorities have amended Section 91 of the Act. This amendment addresses a change in the directors of a cooperative society and in that regard requires the approval of the Supervisor. This provision however does not appear to address the Examiners concern which were with regard to the inception of the cooperative i.e. ensuring that applicants meet a fit and proper requirement and the power to approve management not only at the time that there is a change of directors but also at inception. Accordingly, the amendment does not address the recommendations made by the Examiners.

15. In 2011 the Money Services Business Act No. 9 of 2007 was repealed and replaced by the Money Services Business Act No. 7 of 2011. Presently, six (6) there are licensed money service businesses, seven (7) sub-licenses, and one (1) pending application for a licence. Additionally, an onsite examination was done for one (1) MSB; there was the revocation of one (1) MSB licence; the suspension of one (1) MSB licence and the denial of another. Further legal action has commenced against one (1) MSB; through the filing of a report with the Director of Public Prosecutions (DPP). The legal action involves a breach of Section 4 of the MSPA, which pertains to providing money transfer services without a licence. There is also one (1) MSB that has been fined for non-compliance with the requirement to file returns and financial reporting.

16. Antigua and Barbuda has sought to increase its supervisory capacity by the establishment of a Financial Compliance Unit (FCU) within the ONDCP. The Unit's function is to conduct onsite AML/CFT examinations of financial institutions and DNFBPs that are not under the supervision of the FSRC. This will include all domestic banks. The ONDCP has already conducted a risk based analysis of the various financial sectors and as a result of the analysis has started conducting targeted onsite examinations of DNFBPs. Year to date there have been eight (8) onsite examinations affecting the following sectors:- gaming, real estate agencies, car dealerships, travel agents, and dealers in precious metals, art or jewellery.) In addition the FCU monitors financial institutions to ensure that they meet their statutory reporting requirements by reviewing Annual AML Audit system reports as per Regulation 15 and quarterly Terrorist property reports as required by the Prevention of Terrorism Act (2005).

17. The Authorities have noted that the reports from these examinations is enabling the Supervisory Authority to develop a more precise picture of the nature of compliance with the AML/CFT requirements and is empowering the Supervisory Authority to prepare targeted intervention and guidance. Antigua and Barbuda has further noted that these actions are already yielding 'audible feedback in the community, which is indication that financial institutions on a whole are sitting up and paying greater attention to the enforcement actions of the Supervisory Authority.' The Authorities have also indicated that the Unit still needs an appropriate budget for staff for the 2012 period.

Recommendation 26

18. In the last follow-up report, it was noted that Antigua and Barbuda had made significant strides with regard to attaining full compliance with R. 26. The outstanding issues following that report related to the need for Cabinet approval for the hiring of ONDCP staff and for the publication of a more updated annual report by the ONDCP in keeping with the Examiners' recommendation that there should be periodic reports. The issue with regard to the hiring of staff still remains outstanding, however, the Authorities have indicated that its latest report on trends, typologies

and strategies was published by the ONDCP in December 2011 for the period 2009-2010.[5] The Report includes details of the performance of the FIU and the FID and their productive output.

19. The training provided has resulted in improvements in the filing of Mandatory Reports (Terrorist Property Reports as well as AML/CFT Annual Audit Reports) within many sectors. Of note has been the increase of Terrorist Property Reports submitted by the insurance sector. In 2009 we had 18 filings compared to 28 filings for 2010 – an increase of 55%. With regard to training Antigua and Barbuda has carried out a national risk assessment of AML/CFT vulnerability, which has been used to shape the training and examinations of financial institutions. Vulnerable institutions have been targeted for training. The Interactive Gaming and Interactive Wagering Regulations will be amended to address the outstanding aspects of the recommendation. A draft is presently with the Attorney General's Chambers.

Other Recommendations

Recommendation 29

20. The Authorities have noted that a draft amendment to the MLPA to address sanctions relating to directors and senior management is with the Attorney General. The amendment of the MLPA will assist in addressing outstanding issues with regard to this recommendation.

Recommendation 30

21. The Authorities have noted that the need for increased human resources; especially in light of the establishment of the FCU continues to be outstanding.

Recommendation 32

22. The Antigua and Barbuda Authorities note that they continue to keep statistics as it relates to effectiveness of systems to combat ML and FT. The statistics are kept by the ONDCP and have been produced in the ONDCP's Annual Report 2009-2010, which as previously noted in on the ONDCP's website. Data is obtained from a number of sources including AML/CFT reports generated internally by the compliance units and externally by auditors; from quarterly terrorist property reports, from sector and individual filings of SARs, and from responses to directives of the Supervisory Authority. This information is collated and among other things, reviewed by sector and by size of institution. Note is taken of deficiencies in implementation, deficiencies in reporting, deficiencies in the quality of reports. From the picture that emerges, the way forward is at times obvious, such as addressing gaps in the regime that may be exploited, and at other times not obvious and requiring careful consideration of options. Information gathered from the above process is put before and studied by the Anti-Money Laundering Oversight Committee, out of which recommendations for strengthening and changes to the legal framework and implementation are made. The Strategic Implementation Planning Committee also contributes to the relevant AML/CFT discussions

Recommendations 33

[5] The 2009-2010 Report is available on the ONDCP's website. http://ondcp.gov.ag

~~23.~~ With regard to the issue of bearer shares, the Authorities have noted that following the last Plenary (May and November 2011), there was active pursuit of the implementation of its programme for the immobilization of bearer shares. Accordingly, notifications were sent to thirty-four (34) service providers relating to the new treatment of existing bearer shares. As of July 31, 2011, twenty-two (220 applications for licences were received. A total of eleven (11) service providers managed companies which held bearer shares. Within that number, five (5) applicants applied for a Class E licence for acting as Custodian of bearer shares. A further six (6) entities deposited their existing bearer shares with a Custodian of bearer shares. An onsite examination is scheduled to confirm the complete deposit of bearer shares with licensed custodians during 2012.

Special Recommendation VI

24. The progress with regard to the outstanding amendments to the MSBA has been discussed above at paragraph 19. There is not indication that the prudential guidelines have been completed and so this Recommendation remains partially complied with.

Special Recommendation VIII

25. With regard to non-profit organizations (NPOs), the Director of the ONDCP has issued Guidance[6] to financial institutions to assist them in recognizing suspicious activity on the part of NPOs. The ONDCP has also engaged in discussions with the Registrar of Companies and Friendly Societies and reviewed strategies for obtaining information on relevant features of NPOs and a possible regulatory framework for Friendly Societies. While the efforts to raise the financial institutions' awareness with regard to the possible misuse of NPOs, the Examiners' recommendations with regard to SR. VII remain outstanding.

III. Conclusion

26. The current level of compliance by Antigua and Barbuda with the Recommendations that have outstanding deficiencies has been noted above at paragraph 6 (Scope of the Report). Antigua and Barbuda has amended and enacted three pieces of legislation to further assist in meeting its obligations under the relevant Recommendations. As noted above, not all the amendments have however satisfied the issues that they sought to address. The establishment of the PCU and the FCU are positive steps towards enhanced implementation of Antigua and Barbuda's AML/CFT framework. However, there should be adequate human, financial and technical resources applied to these Units in order for them to achieve their stated purposes. The publication of the ONDCP's Annual report for 2009-2010 is also a positive step that allows the country to review its progress in the area of AML/CFT.

27. Based on the aforementioned it is recommended that Antigua and Barbuda be required to report back to the Plenary in May 2013.

[6] Typologies and red flags have been drafted specific to Non-Profit Organizations and have been published for the guidance of financial institutions, through Directive 01 of 2012. The information is also on the ONDCP website.

Legal systems				
1. ML offense	PC	Key definitions are inconsistently defined in the Statutes and these definitions are not in the terms provided under the Palermo and Vienna Conventions. The list of precursor chemicals does not accord with the list under the Vienna Convention. The list of money laundering predicate offences under the POCA is too limited. The predicate offences for money laundering do not cover three (3) out of the twenty (20) FATF's Designated Category of Offences, specifically Participation in an Organised Criminal Group, Trafficking in human beings and migrant smuggling and Piracy.	• The list of predicate offences under the POCA needs to be expanded. An all-crimes approach similar to what obtains under the MLPA could be explored. • The list of precursor chemicals under the MDA should be amended to include the chemicals stated in Tables I and II of the Vienna Convention. • The equivalent Antigua and Barbuda legislation which corresponds to the FATF list of Designated Category of Offences should be revised to ensure that the Acts capture all the offences contemplated by the FAFT recommended categories. Legislation should be enacted to address participation in an organised criminal group and racketeering, trafficking in human beings and migrant smuggling and piracy. • Facilitation of a money laundering offence should be stated as a separate crime. • Caution should be exercised in the drafting of legislation. There is inconsistency in the definition of key terms, and these definitions are left to judicial interpretation, for example, the definitions of "property" and "person". Terms should be defined in accordance with the definitions provided under the Vienna Convention and the Palermo Convention. Accordingly, amendments should be made to the MLPA and the MDA and to the POCA if it is not repealed.	❑ **The Proceeds of Crime (Amendment) Act 2008** was passed and came into effect on 24 December 2008. Section 2 of the Act has inserted definitions of "person" and "property" in accordance with the UN Conventions. ❑ **The Proceeds of Crime (Amendment of Schedule) Order 2009** has been signed by the Minister. This has substantially amended the Schedule of offences to which the POCA applies and covers all offences for which there is a penalty of 1 year imprisonment. ❑ Participation in an Organized Criminal Group was criminalized by section 4 of the **Money Laundering (Prevention) (Amendment) Act 2009** (passed 16 November 2009, in force on 24 December 2009). ❑ Facilitation of money laundering as a separate offence was criminalized by section 3 of the **Money Laundering (Prevention) (Amendment) Act 2009** (passed 16 November 2009, in force on 24 December 2009). ❑ **The Money Laundering (Prevention) (Amendment) Act 2008** was passed on 13 November 2008; in force 8 January 2008. • The Precursor chemicals Act 2010 was passed and came into effect on 11th November 2010. This now puts in place the legislative controls of precursor chemicals listed in Tables I and II of the Vienna Convention. • The Trafficking in Persons (Prevention) Act, 2010 to criminalize human trafficking was passed and came into effect on 25th October

				2010. • The Migrant Smuggling (Prevention) Act, 2010 to criminalize migrant smuggling and other offences associated with migrant smuggling was passed and **came into effect on 11th November 2010.** • **Legislation to make human traffikcing and migrant smuggling money laundering offence has been drafted and is expected to come before Parliament at the next sitting.** • **Criminalization of Piracy:** An Act to criminalize piracy is being drafted.
2. ML offense–mental element and corporate liability	LC	The number of money laundering prosecutions is remarkably low given the wide measures and the absence of thresholds available under the MLPA.		❑ Since the last CFATF Report, of the two money laundering charges that were filed by the *Office of National Drug and Money Laundering Control Policy* (ONDCP) one has been withdrawn and the other ongoing. It is also to be noted that the Royal Antigua & Barbuda Police Force (RPFAB) brought a money laundering charge subsequent to previous consultations to sensitize the *RPFAB of* the need to pursue money laundering charges and confiscation proceedings. ❑ **The Police Proceeds of Crime Unit (PCU) has been established. That unit. which exercises powers under the Proceeds of Crime Act 2008, has to date obtained a two production orders and two restraint orders and is awaiting the completion of criminal proceedings in order to move forward upon conviction with confiscation proceedings. The PCU has also acted pursuant to the MLPA to seize cash and has obtained a detention order for the cash. The unit has now applied for forfeiture of the cash and awaits the outcome of the hearing.** ❑ **The ONDCP has since December 2011**

				brought three money laundering charges, all of which are making their way throught the judicial system.
3. Confiscation and provisional measures	LC	Ineffective implementation of the freezing and forfeiture regime. No express provision in the PTA for third parties to have their interest in property excluded from seized property.	• The Antigua and Barbuda Authorities should seek to prosecute money laundering offences as stand-alone offences pursuant to the MLPA. • Greater emphasis should be placed on the investigation of offences with a view to securing convictions. • The PTA should make express provision for bona fide third parties to have their interest in property excluded from seized property.	❑ Since the Examiners' Report two money laundering charges have been instituted by the ONDCP. ❑ The Prevention of Terrorism (Amendment) Act 2008, Section 7 makes explicit provision for third parties with an interest in property to apply to the Court to have the property removed from a restraint order. ❑ **The ONDCP has forfeited the vehicle of a drug trafficker on the basis that it was an instrumentality of the offence of which he was convicted. Meanwhile, two civil forfeiture applications are to be heard shortly in which the ONDCP has applied for forfeiture of vehicles of drug traffickers after criminal forfeiture was not achieved. The applications are on the basis that the vehicles are instrumentalities of money laundering offences. In addition, the Supervisory Authority has successfully obtained the cash forfeiture from a person who attempted to purchase drugs.**

		authorities.		❑ Provisions for the sharing of information with the Registrar of Cooperatives will be included in the new Cooperative Societies Act. ❑ Section 316(3b) of the IBC (Amendment) Act 2002 gave responsibility to the FSRC to regulate business operated or carried on under the Cooperatives Societies Act, consequently the need for a sharing arrangement is not necessary since the FSRC will have access to all relevant information. ❑ The MOU between the ECCB and the FSRC as an SRU was executed on April 28, 2010. The FSRC and the ONDCP has executed a new MOU on August 13, 2010. The FSRC has also executed MOU's with other regulatory authorities including the Kahnawake Gaming Commission of the Mohawk Territory of Kahanawake in Canada in 2010, the Alderney Gambling Control Commission in 2010. The FSRC has executed an Agreement of Confidentiality with the Austrian Financial Monetary Authority 2009. ❑ With regard to the Supervisor of Cooperatives Societies, this function now falls physically under the FSRC as of January 1, 2011 and therefore the aforementioned amendment affecting the FSRC through its principal act the ICBA would be applicable to cooperatives. The Co-operative Societies Act 2010 was passed and came into effect on 11th November 2010. ❑ **The issue of the ECCB sharing AML information with the ONDCP has been superceded by the establishment of the ONDCP's Financial Compliance Unit (FCU). That unit is now conducting onsite examinations of financial institutions, which for the first time includes examinations of unregulated DNFBPs. The reports from these examinations is enabling the**

				❑ The Corporate Management and Trust Service Providers Act, 2008 (CMTSPA) provided for the FSRC to maintain a general review of corporate management and trust service providers and to examiner licensees to ensure that they are complying with the IBC Act, the International Foundations Act, the Companies Act, the MLPA and the PTA. Most recently, the Authorities have indicated that the CMTSPA also captures lawyers and accountants under the AML/CFT regime and noted that the International Limited Liability Companies Act, 2007 (ILLCA) and the International Trust Act, 2001 are two additional statutes under which corporate management and trust services providers can perform services.
17. Sanctions	PC	Sanctions in the MLPA for breaches of the guideline are not dissuasive. Sanctions under the PTA and the MLPA except for money laundering are not applicable to the directors and senior management of legal persons. The range of AML/CFT sanctions in enacted legislation is not broad and proportionate as required by FATF standards.	• The sanction applicable for non-compliance of the MLFTG should be amended to be dissuasive • Sanctions under the PTA and the MLPA that are applicable to financial institutions should also be applicable to their directors and senior management. • The range of AML/CFT sanctions should be broad and proportionate in accordance with FATF requirements.	❑ Requirement for sanctions in the MLPA for breaches of the ML/FTG to be dissuasive: — [See NOTE 3 item (2) above]. ❑ Requirement for the range of AML/CFT sanctions to be broad and proportionate to FATF standards: — [See particularly NOTE 2 and NOTE 3 above as well as NOTE 1]. ❑ Requirement for PTA sanctions to be applicable to senior management:— The Prevention of Terrorism (Amendment) Act 2010, section 8, inserts section 41B into the PTA as follows: "Where a body corporate commits an offence under this Act, every director or other officer concerned in the management of the body corporate commits that offence unless he proves that (a) the offence was committed without his consent or connivance: and (b) he exercised reasonable diligence to prevent the commission of the offence

19. Other forms of reporting	C	This Recommendation is fully observed.		
20. Other NFBP & secure transaction techniques	C	This Recommendation is fully observed.	The Authorities should consider conducting an assessment of non-financial businesses and professions other than DNFBPs to ascertain those at risk of being misused for money laundering or terrorist financing in Antigua and Barbuda with a view to including them under the AML/CFT regime. This recommendation does not affect the rating of Recommendation 20.	
21. Special attention for higher risk countries	NC	There are no measures that require competent authorities to ensure that financial institutions are notified about AML/CFT weaknesses in other countries. Financial institutions are not required to examine the background and purpose of transactions that have no apparent economic or lawful purpose from or in countries that do not or insufficiently apply the FATF Recommendations and make available the written findings to competent authorities or auditors. There are no provisions that allow competent authorities to apply counter measures to countries that do not or insufficiently apply the FATF Recommendations.	• Effective measures should be established to ensure that financial institutions are advised of concerns about AML/CFT weaknesses in other countries. • Written findings of the examinations of transactions that have no apparent economic or visible lawful purpose with persons from or in countries, which do not or insufficiently apply the FATF Recommendations should be available to assist competent authorities. • There should be provisions to allow for the application of counter measures to countries that do not or insufficiently apply the FATF Recommendations.	❑ Requirement to establish measures to ensure financial institutions are advised of concerns about AML/CFT weaknesses in other countries:— The Money Laundering (Prevention) (Amendment) Regulations 2009, section 7(6) inserts regulations 6(1a)(1) which provides for the Supervisory Authority to advise financial institutions of countries with weaknesses in their AML/CFT systems and requires financial institutions to pay special attention to business relationships with and transactions from those country. ❑ Requirement for written findings of transactions that have no apparent economic or visible lawful purpose with persons from or in countries which insufficiently apply FATF Recommendations to be available to assist competent authorities:— The Money Laundering (Prevention) (Amendment) Regulations 2009, section 7(6) inserts regulations 6(1b) which provides that where transactions have no apparent economic or visible lawful purpose, a financial institutions should examine the background and purpose of such transactions and written findings should be kept as financial transaction documents. ❑ Requirement for application of

23. Regulation, supervision and monitoring	NC	The supervisory authorities have not been designated with the responsibility for ensuring that the relevant financial institutions adequately comply with AML/CFT requirements. No provisions in the BA for the ECCB to approve changes in directors, management or significant shareholders of a licensed financial institution. No provisions for the Registrar of Insurance to apply fit and proper criteria in assessing directors, managers or shareholders of an applicant to carry on insurance business. No provision for a registered insurer to obtain the approval of the Registrar of Insurance for changes in its shareholding, directorship or management. No provision for the Registrar of Co-operative Societies to use fit and proper criteria in assessing applications for registration. The Registrar of Co-operative Societies has no power of approval over the management of a society. Money value transfer service operators are not subject to effective systems for monitoring and ensuring compliance with AML/CFT requirements.	• The supervisory authorities should be designated with the responsibility for ensuring that the relevant financial institutions adequately comply with AML/CFT requirements. • The BA should be amended to give the ECCB the power to approve changes in directors, management or significant shareholder of a licensed financial institution. • The Registrar of Insurance should be required to apply fit and proper criteria in assessing directors, managers or shareholders of an applicant to carry on insurance business. • Registered insurers should be required to obtain the approval of the Registrar of Insurance for changes in shareholding, directorship or management. • The Registrar of Co-operative Societies should be required to use fit and proper criteria in assessing applications for registration. • The Registrar of Co-operative Societies should have power of approval over the management of a society. • Money value transfer service operators should be subject to effective systems for monitoring and ensuring compliance with AML/CFT requirements.	❑ The Supervisory Authority was appointed on 1 November 2007 ❑ The FSRC is implementing the Money Services Business Act 2007. Money services offsite examinations have been conducted during the due diligence and licensing process in regard to AML/CFT for six (6) institutions. The FSRC is in the process of conducting other offsite examinations. The ECCB in collaboration with CARTAC and the Single Regulatory Unit have designed reporting forms to identify suspicious activities showing inflows and outflows to and from foreign countries and for operators to identify the 10 largest transactions. In addition, operators are subject to the MLPA and are required to file SARs with the ONDCP. ❑ The Banking Act 2005 is being amended to give the ECCB the power to approve changes in directors, management and significant shareholders of a licensed financial domestic institution. With respect to the proposed amendments to the Banking Act we are consulting with the ECCB since it is a uniformed piece of legislation throughout the OECS jurisdictions. ❑ Section 198 of the Insurance Act, 2007 provides for the fit and proper test to be applied. ❑ An amendment has been proposed to the Insurance Act to require an insurance company to obtain approval from the FSRC in respect of changes in shareholding, directorship or management. ❑ Section 199 of the Insurance Act will be amended accordingly to provide for the process when a director, officer or manager is declared unfit by the FSRC. ❑ The Cooperatives Act will make provisions

That unit, the FCU, has been successfully created and is active in conducting offsite assessments and onsite evaluations of the AML/CFT systems of financial institutions. The FCU is collecting and collating a body of information that will empower the Supervisory Authority to better assess the status of compliance nationally, and provide better informed status reports to the National Anti-Money Laundering Committee.**
24. DNFBP - regulation, supervision and monitoring	PC	Casinos, real estate agents, dealers in precious metals and stones are not subject to a comprehensive regulatory and supervisory regime that ensures effective implementation of AML/CFT measures.	• Casinos, real estate agents, dealers in precious metals and stones should be subject to a comprehensive regulatory and supervisory regime that ensures effective implementation of AML/CFT measures.	❑ Casinos, real estate agents, dealers in precious metals and stones are listed in the First Schedule of the MLPA as financial institutions and are now subject to the AML/CFT regime. The AML/CFT requirements for these sectors are supervised by the Supervisory Authority. **Some real estate agents and jewelers have already had onsite examinations of their AML/CFT systems conducted by the FCU. Casinos are scheduled for examination shortly.**
25. Guidelines & Feedback	PC	The Supervisory Authority has not provided financial institutions and DNFBPs with adequate and appropriate feedback. The respective guidelines and directives are in practice	• The Supervisory Authority should ensure that respective guidelines and directives are issued to all persons and companies in the sectors.	❑ The Supervisory Authority has initiated a program to provide feedback on the substance of SAR's and annual AML/CFT reports and on the quality of those reports. The *ONDCP* is gradually building a body of typologies and is analyzing reports to establish money laundering and financing of terrorism trends for publication.

Institutional and other measures				
26. The FIU	PC	The Supervisory Authority has not been appointed. SARs are being copied to the FSRC by the entities they regulate. A number of reporting bodies have not received training with regard to the manner of reporting SARs. There is no systematic review of the efficiency of ML and FT systems. The ONDCP's operational independence and autonomy can be unduly influenced by its inability to hire appropriate staff without the approval of Cabinet. The ONDCP does not prepare and publish periodic reports of it operations, ML trends and typologies for public scrutiny.	• Antigua and Barbuda should move quickly to appoint the Supervisory Authority taking into account the essential role this person plays in coordinating and implementing the country's AML/CFT framework. • The practice of copying SARs to the FSRC should be revised, in order to avoid duplication of work and to avoid exposing the information contained in the SARs to contamination and abuse. • The ONDCP should consider establishing a structured training schedule, in the short term, to target those entities that have not yet received training in the manner of reporting. Thereafter, continuous dialogue should be maintained with reporting bodies with a view to evaluating their reporting patterns so that weaknesses could be identified and addressed accordingly. • The Antigua and Barbuda Authorities should consider establishing a process that would allow for a systematic review of the efficiency of the systems that provide for the combating of ML and FT. • The ONDCP should prepare periodic reports in terms of its operation, which would facilitate the analysis of its growth and productivity. These reports should reflect ML and FT trends and typologies so that the authorities could adapt appropriate measures and strategies. In addition these reports should be made available to all stakeholders and the general public on the whole for scrutiny in the interest of transparency and accountability. • The Antigua and Barbuda Authorities should review the practice of having	❑ The Supervisory Authority was appointed on 1 November 2007. ❑ Requirement for training in the manner of reporting: — the standardized reporting forms for SAR all come with detailed instructions on how to complete the form and when and how to properly report a suspicious transaction. Supplementing this is a schedule of training sessions by the FIU to further advise financial institutions on what is required for the reporting of suspicious transactions. Money service providers as part of the requirement to receive their license have had to receive AML/CFT training. The reporting patterns of financial institutions are now continually under review by the FIU in order to advise on remedial action for substandard reporting patterns where necessary. ❑ The efficiency of the AML/CFT system is continuously under review by the National AML/CFT Oversight Committee and other bodies. ❑ **A national risk assessment of AML/CFT vulnerability has been carried out. Training of financial institutions and examinations of financial institutions has been shaped by the results of that assessment, and vulnerability institutions appropriately targeted.** ❑ The ONDCP has published and circulated its annual report 2008, inclusive of typologies. ❑ **In December 2011 the ONDCP published its annual report for 2009 - 2010, which included details of the performance of the FIU and the FID and their productive**

27. Law enforcement authorities	LC	No legislative or other measures have been put in place to allow the ONDCP when investigating ML to postpone or waive the arrest of suspected persons or the seizure of cash so as to identify other persons involved in such activities.	• Antigua and Barbuda should consider establishing measures that would allow law enforcement authorities when investigating ML cases to postpone or waive the arrest of suspected person and/or the seizure of cash so as to identify other persons involved in the commission of the offence. • Law Enforcement Authorities should consider reviewing there strategy in combating ML with the view to adapting a more aggressive approach which may generate more ML prosecutions and possibly convictions.	❑ Requirement for law enforcement authorities to review their strategy in combating ML so as to adapt a more aggressive approach to generate more ML prosecutions and convictions: — The Director of ONDCP is currently in close contact with the Commissioner of Police and the Comptroller of Customs in an effort to enhance the effectiveness of cooperation between the three law enforcement authorities with a view to securing more ML prosecutions which could lead to increased ML convictions. **As a result of the closer contact between the ONDCP, the Police and Customs, there has been a jump in the number of cash seizures, particularly at the airport. The Police instituted a money laundering prosecution. The ONDCP now has three money laundering charges before the courts. Charges include not only money laundering but also facilitation of money laundering under the new offence created by section 5A of the MLPA.** ❑ The recommendation on postponement and waiver of arrest of suspects is being reviewed and an appropriate legislative provision is being considered.
28. Powers of competent authorities	C	This Recommendation is fully observed.		
29. Supervisors	PC	Neither the Registrar of Insurance nor the Registrar of Co-operative Societies has adequate powers of enforcement and sanction against financial institutions and their directors or senior management for failure to comply with AML/CFT requirements.	• The Registrar of Insurance and the Registrar of Co-operative Societies should have adequate powers of enforcement and sanction against financial institutions and their directors or senior management for failure to comply with AML/CFT requirement.	❑ Draft amendments to the Insurance Act, 2007, No 13, will provide sanctions against Companies. Directors and Senior Management and Intermediaries for failure to comply with AML/CFT requirements by the appropriate officials. ❑ Section 202 of the Insurance Act No. 13 of

Having reviewed the stated actions undertaken by the Authorities in the matrix previously submitted, it is noted that enforcement powers do exist under Section 16 of the MLPA which provides for enforcing compliance by an injunction. In addition, Section 3 of the MLPA 2010 also amends Section 11 of the principle Act to give the SA powers to apply administrative sanctions for breach of the Act, Regulations, Guidelines and or Directives.

				The amendment proposed to the Insurance Act provides for insurance companies to comply with AML/CFT through their principal Acts. It is important to distinguish ensuring compliance to AML/CFT as opposed to enforcement and sanctions which falls within the ONDCP's mandate to prosecute AML/CFT matters pursuant to the Money Laundering and the Prevention of Terrorism Act.
30. Resources, integrity and training	PC	The resources of law enforcement agencies are insufficient for their task, particularly the Police. A number of these entities have not received training in ML/FT matters.	• Antigua and Barbuda should consider filling the vacant positions within the ONDCP in order to strengthen its human resource capabilities. There is also need to increase the number of Investigators to complement the work of the staff of the Financial Investigations Unit. • The budgetary resources of the ONDCP should be increased to adequately cover training and the hiring of qualified staff. • The resources allocated to the Police, Customs, Immigration and Prosecutors should be reviewed so as to provide amounts that would enable them to perform their various functions. • The ONDCP should consider implementing a systematic training programme for its staff, particularly in the areas of ML investigations and Court procedures. This could be achieved by coordinating ML Workshops/Seminars on a regular basis. Customs, Immigration, Police and Coast Guard should be included in such training.	❑ The Director of the ONDCP continues the interview process to fill the vacancies in the ONDCP FIU subject to budgetary constraints. ❑ The ONDCP has conducted several local training sessions and have participated in several overseas programmes to continue to build capacity within the institution The ONDCP relies heavily on international assistance in training and has been receiving training from UK SAT. There is already noticeable improvement in the performance of the FIU. ❑ Resources allocated to the Police, Customs and Immigration and Prosecution are being reviewed. Confiscated assets deposited in the Forfeiture Fund will be used towards supplementing these resources. ❑ The ONDCP has initiated ~~a~~ systematic training for new recruits and continues to implement further developmental training for all officers of the FIU.

31. National cooperation	LC	There are no effective mechanisms in place to allow policy makers, the ONDCP, the FSRC and other competent authorities to cooperate and where appropriate, coordinate domestically with each other concerning the development and implementation of policies and activities to combat ML and FT.	• The level of co-operation amongst law enforcement could be improved. A more proactive approach should be adapted when sharing information. The Examiners found that contact is maintained in an ad hoc manner. • Antigua and Barbuda should consider establishing measures to allow Policy makers, the ONDCP, the FRSC and other competent authorities to meet continuously to discuss, develop and implement policies and activities to combat money laundering.	❑ There is a National AML/CFT Oversight Committee headed by the Hon. Attorney General to review and coordinate AML/CFT efforts of the jurisdiction. ❑ The Director of ONDCP is in frequent communication with the Commissioner of Police in order to coordinate ML and FT matters. ❑ The Director of ONDCP is in communication with the Comptroller of Customs in order to coordinate ML and FT matters, ❑ ONDCP and FSRC have scheduled quarterly meetings to discuss implementation of AML/CFT policies and to assess the effectiveness of implementation of the new MOU. ❑ The attendance to SIP training by ONDCP and FSRC members to create an enhanced working relationship in AML/CFT matters. Subsequent to this training a briefing was presented to the AML/CFT Oversight committee on the way forward.
32. Statistics	PC	While statistics on money laundering investigations, prosecutions and convictions are kept, the low number of convictions which result from investigations gives credence to the view that these statistics are not adequately reviewed to ensure optimum effectiveness and efficiency of the anti-money laundering regime. There are no investigations or prosecutions whereby the effectiveness of the terrorist financing investigations and prosecutions may be measured. The effectiveness of the financing of terrorism mechanisms could not be ascertained. No statistics have been provided to show whether the	• Antigua and Barbuda should consider instituting measures to review the effectiveness of their system for combating ML and FT. In the process of reviewing shortcomings would be highlighted and brought to the attention of the Authorities for appropriate action. • Law enforcement Authorities should take particular steps to ensure that their statistics in relation to their operations are comprehensive and review friendly. These statistics should be able to clearly indicate the effectiveness of the whole preventive and repressive AML/CFT systems and reflect the impact of STR in investigations, prosecutions and convictions.	❑ The ONDCP presently has in place statistics designed to reflect the impact of STR's on investigations, prosecutions and convictions. ❑ The FSRC now keeps statistics on money value transmission services. ❑ Individual law enforcement agencies as well as the National AML/CFT Oversight Committee are reviewing the ML/FT statistics to determine the effectiveness of the regime, with a view to advising the Government on the appropriate measures for improvement

33. Legal persons–beneficial owners	NC	Statutory obligation to provide information as to the ownership and management of partnerships is lacking. There are no measures in place to ensure that bearer shares under the IBCA are not misused for money laundering.	• Appropriate measures should be taken to ensure that bearer shares are not misused for money laundering and the principles set out in criteria 33.1 and 33.2 apply equally to legal persons that use bearer shares. • Statutory obligation to provide information as to the ownership and management of partnerships should be put in place.	❑ The International Business Corporations (Amendment) Act 2010 has been enacted It makes provisions to: 1. prohibit transfer of bearer share otherwise than in accordance with the Act 2. void the transfer of disable bearer shares and removes their entitlement to vote or share assets 3. deposit bearer shares with a custodian 4. make existing bearer shares not deposited with a recognized custodian subject to mandatory redemption 5. empower the FSRC to apply for a winding up where after the transition date bearer shares have not been deposited with a recognized custodian. 6. sets out the procedure for depositing bearer shares with a custodian 7. sets out the procedure for transfer of bearer shares 8. sets out the procedural requirement where there is a change of beneficial ownership 9. addresses the situation and sets out the procedure where a recognized custodian no longer wishes to hold a bearer share 10. A new Partnership Act is to be drafted. 11. The FSRC has seventeen (17) pending licences for corporate management and trust service providers. The licensing period for corporate management and trust service providers end March 31, 2011. The FSRC's licensing process takes into consideration licensing of custodians of bearer shares which will address all the matters herein.

				12. The FSRC is conducting an internal review to prepare a report in which it will identity the corporate management and trust services providers who have incorporated companies which have been authorised to issue bearer shares to ensure that that they comply with the IBCA and the CMTSPA. 13. The Corporate Management and Trust Service Providers Act, 2008 (CMTSPA) provided for the FSRC to maintain a general review of corporate management and trust service providers and to examiner licensees to ensure that they are complying with the IBC Act, the International Foundations Act, the Companies Act, the MLPA and the PTA. Most recently, the Authorities have indicated that the CMTSPA also captures lawyers and accountants under the AML/CFT regime and noted that the International Limited Liability Companies Act, 2007 (ILLCA) and the International Trust Act, 2001 are two additional statutes under which corporate management and trust services providers can perform services.

34. Legal arrangements – beneficial owners	PC	No measures for the registration or effective monitoring of local trusts.	• Measures should be put in place for either registration or effective monitoring of local trusts in accordance with FATF information requirements. • The Authorities should consider including adequate, accurate and current information on the beneficial ownership and control of legal arrangements as part of the register information on international trusts.	❑ Legislation governing domestic trusts is being developed which will address the beneficial ownership and control of legal arrangements
International Cooperation				
35. Conventions	LC	There are some shortcomings with regard to the implementation of provisions in the Vienna, Palermo and Terrorist Financing Conventions.	• Antigua and Barbuda has ratified the Vienna, Palermo and Terrorist Financing Conventions and there is enacted legislation that implements substantial portions of these Conventions. There are however some provisions that are not covered adequately as stated in discussions on Rec. 1 and SR. II in section 2 of this Report. For example, with regard to the Vienna Convention, the MDA must address all the precursor chemicals mentioned in the Tables of the Convention. Additionally, with respect to the Palermo Convention, the POCA in particular should be revisited with a view to either amending it to capture predicate offences to money laundering and financing of terrorism offences, or repealing it. Provision should also be made for the transfer of proceedings pursuant to Article 8 of the Vienna Convention.	❑ The Proceeds of Crime (Amendment of Schedule) Order 2009 has been signed by the Minister. This has substantially amended the Schedule of offences to which the POCA applies and covers all offences for which there is a penalty of 1 year or more imprisonment. ❑ **The Precuros Chemicals Act has been passed which** covers all precursor chemical listed in the Vienna Convention. ❑ Provisions in relation to the transfer of proceedings according to Article 8 of the Vienna Convention are being developed.
36. Mutual legal assistance (MLA)	C	This Recommendation is fully observed.		❑ **Assistance has recently been rendered to the United Kingdom authorities in confiscating a villa owned by a drug trafficker valued**

				at approximately $648,000 EC.
37. Dual criminality	C	This Recommendation is fully observed.		
38. MLA on confiscation and freezing	LC	No provision has been made for confiscated proceeds of terrorism or terrorism assets seized to be deposited into a Forfeiture Fund. No provision has been made for the sharing of assets confiscated as a result of coordinated law enforcement actions. No provision has been made for assets from terrorist activity to be deposited into a Forfeiture Fund.	• Antigua and Barbuda has a robust mutual legal assistance regime. However, there is need for the establishment of a forfeiture fund into which the confiscated proceeds of terrorism activity can be deposited. • Provision should be made for the sharing of assets confiscated in relation to terrorism offences.	❑ The Prevention of Terrorism (Amendment) Act 2010 has been passed and provides for the creation of a forfeiture fund for confiscated terrorism assets. ❑ Provision is being made for the sharing of confiscated terrorist assets.
39. Extradition	C	The Recommendation is fully observed	• There appears to be a high level of cooperation between Antigua and Barbuda and foreign States with regard to extradition matters. However, the Authorities should seek ways to limit the delay in extradition procedures. The latter commend does not affect the rating of this Recommendation.	
40. Other forms of co-operation	LC	The FSRC is not authorised to exchange information with its foreign counterparts. The level of cooperation between the ECCB and the FSRC is unclear.	• Antigua and Barbuda should consider introducing the relevant legislative framework that would allow the FSRC to exchange information directly with its foreign counterparts.	❑ The International Business Corporations (Amendment) Act 2008, section 5 replaced section 373, which provides for the FSRC to disclose information concerning the ownership, management, operations and financial returns of a licensed institution to enable a regulatory authority to exercise its regulatory functions. ❑ The MOU between the FSRC and the ECCB is awaiting signature of the Parties. ❑ A draft MOU between ONDCP and ECCB for the exchange of confidential information is being studied by both authorities.

Recommendations				
SR.I Implement UN instruments	PC	The definitions of "person" and "entity" are not consistent, and this may affect whether terrorist groups are captured for some offences. No provision has been made under the terrorism legislation for access to frozen funds as required by the UNSCRs 1373 and 1452.	• All the provisions of the United Security Council Resolutions should be fully implemented, for example, authorising access to frozen funds for the purpose of meeting the defendant's basic expenses and certain fees in accordance with UNSCR 1452.	❑ The Prevention of Terrorism (Amendment) Act 2008, section 2, was passed and has clarified the meaning of "person" and "entity" in accordance with the UN Convention. ❑ The Prevention of Terrorism (Amendment) Act 2008, section 7 was passed and makes provisions for access to frozen funds by third parties.
SR.II Criminalize terrorist financing	PC	The deemed money laundering terrorism offences under the PTA and their reference to limited sections of the MLPA introduce an element of uncertainty into the financing of terrorism framework with respect to the extent to which either Act is applicable, and hence, the extent to which the elements of Special Recommendation II are covered. Sanctions should include fines to be dissuasive. Under the PTA, the intentional element of the offence cannot be inferred from objective factual circumstances.	• In accordance with Article (1), the term "funds" under the PTA should be defined, and it should include the wide range of assets contained in the definition under the Convention. • The PTA should be amended so that the mental elements of knowledge and intent should extend to both individual terrorists and terrorist groups. • The deemed money laundering offences under section 9 of the PTA should be revisited with a view to determining whether the creation of specific money laundering terrorism offences is necessary. The Antigua and Barbuda Authorities should also consider whether the creation of these offences in any way limits the effectiveness of the financing of terrorism mechanism under the PTA. • While the terms of imprisonment are for relatively long periods, given the gravity of terrorist offences, the Government of Antigua and Barbuda should consider making the sanctions more prohibitive by including large fines and an obligation to compensate victims.	❑ The Prevention of Terrorism (Amendment) Act 2008, section 2 was passed and contains a definition of "funds" fully consistent with the UN Convention. ❑ The Prevention of Terrorism (Amendment) Act 2008, section 2(2) provides for the intentional element to be inferred from objective factual circumstances. ❑ The Prevention of Terrorism (Amendment) Act 2008, section 2 defines "person" to include "group" and as a result all the PTA offences making reference to person now cover groups as well as individual terrorists. ❑ The Prevention of Terrorism (Amendment) Act 2008 has included provisions to remove the ambiguities in relation to money laundering expressed by the Examiners, by repealing and replacing the section with provisions for the Supervisory Authority to deal with terrorism money laundering under the PTA. ❑ The Prevention of Terrorism (Amendment) Act 2008, section 8 has provided for fines of $500,000 for offences under the Act. ❑ The Prevention of Terrorism (Amendment)

				Act 2010, section 10 has provided for fines of $1,000,000 for offences under the Act.
SR.III Freeze and confiscate terrorist assets	NC	It is difficult to ascertain the extent of the application of the freezing mechanism under the MLPA and the PTA to deemed PTA money laundering terrorism offences. There is no provision for access to funds for basic expenses and certain fees as required by UNSCR 1452. The term "funds" is undefined in the PTA. Guidance to financial institutions that may be holding targeted terrorist funds is not sufficient. The type of property which may constitute other assets is not explicit. De-listing procedures are not publicly known. There is no specific provision for specified entities to have funds unfrozen. The PTA does not provide third party protection consistent with Article 8 of the Terrorist Financing Convention.	• The PTA should be amended to include a definition of "funds" in the terms provided under the Financing of Terrorism Convention. Additionally, the funds or other assets should extend to those wholly or jointly owned or controlled directly or indirectly by terrorists, and they should cover funds or assets derived or generated from funds or other assets owned or controlled directly or indirectly by terrorists, in keeping with the requirements of UNSCRs 1267 and 1373. • Procedures for de-listing should be publicly known. At a minimum, the order declaring a person a specified entity should be accompanied by a statement as to the recourses available to him in respect of de-listing. • The Guidelines for reporting suspicious transactions with regard to terrorist financing should be reviewed so as to create a uniform reporting structure. • Specific provision should be made whereby a specified entity can apply to have funds unfrozen. Similar provision should also be made for persons who have been affected inadvertently by a freezing mechanism. • While it is possible that access to terrorist funds for the purpose of meeting basic expenses and certain costs may be authorised in the case of deemed terrorist money laundering offences, there is no express provision under the PTA in this regard. Accordingly, the PTA should be amended to allow access to funds in accordance with UNSCR 1452. • The seizure mechanism under the PTA should include like provisions.	❑ The Prevention of Terrorism (Amendment) Act 2008, section 2 contains a definition of "funds" fully consistent with the UN Convention. ❑ The Prevention of Terrorism (Amendment) Act 2008, section 7 was passed and makes provisions for funds to be unfrozen on application of third parties. ❑ The Prevention of Terrorism (Amendment) Act 2008, section 7 makes provisions for access to restrained funds for meeting basic expenses and costs by persons with an interest in the property. ❑ The Prevention of Terrorism (Amendment) Act 2008, section 7 makes provisions for access to seized funds for meeting basic expenses and costs by persons with an interest in the property. ❑ The Prevention of Terrorism (Amendment) Act 2008, section 3 has removed the deeming provision in relation to money laundering offences and declared offences under sections (1) and (2) to constitute money laundering. ❑ The Prevention of Terrorism (Amendment) Act 2008, section 4 provides for compensation out of forfeited funds to persons who have suffered loss as a result of the commission of a PTA offence. ❑ The Prevention of Terrorism (Amendment) Act 2010 was passed and section 4 makes provisions for de-listing of specified entities. ❑ The Prevention of Terrorism (Amendment) Act 2010, section 43 provides for the Director of ONDCP to issue Guidelines to financial institutions for the effective

			• Specific measures should be put in place to ensure that the communication of the Attorney General's order in relation to the freezing of terrorist funds to the Director of the ONDCP does not result in delay in the communication of the directive to the financial institution. The measures should also ensure that the element of secrecy of the communication is not compromised. • Express mention should be made under the PTA for the prevention or voiding of actions or contracts where the property is the subject of terrorist activity. • The Antigua and Barbuda Authorities should review the deeming money laundering provision under section 9(3) of the PTA. Greater clarity is needed as to the application of the MLPA with regard to terrorist offences. Ideally, special consideration must be given to whether it is necessary to deem these offences as money laundering terrorist offences. • Given the gravity of terrorist offences and the likely extent of harm to innocent third parties, administrative or legislative provisions should consider providing for the compensation of victims.	implementation of the Act and Regulations. ❑ The Money Laundering & Financing of Terrorism Guidelines (MLFTG) has been amended to insert 'Part ii – The Financing of Terrorism', which are Guidelines to financial institutions for the better implementation of the requirements under the Prevention of Terrorism Act. ❑ The Prevention of Terrorism (Amendment) Act 2010, section 4 inserts section 2B into the PTA which provides for the immediate communication of an Order to a financial institution by the Attorney General. ❑ The Prevention of Terrorism (Amendment) Act 2010, section 45 inserts section 4A into the PTA which renders transfers of terrorist property after the declaration of a specified entity to be null and void. ❑ The Prevention of Terrorism (Amendment) Act 2010, section 7 inserts section 37A which prohibits the disposing of or dealing with forfeited property. ❑ The Money Laundering Financing of Terrorism Guidelines (MLFTG) Part II have been issued to financial institutions. ❑ **Antigua and Barbuda now gives effect to UN declarations of specified entities in a timely manner, that is within a day or two if not within hours.**

SR.IV Suspicious transaction reporting	NC	The reporting of STRs with regard to terrorism and the financing of terrorism does not include suspicion of terrorist organisations or those who finance terrorism. The obligation to make a STR related to terrorism does not include attempted transactions.	• The reporting of STRs with regard to terrorism and the financing of terrorism should include suspicion of terrorist organisations or those who finance terrorism. • The obligation to make a STR related to terrorism should include attempted transactions.	❑ The Prevention of Terrorism (Amendment) Act 2008, section 34 provides for reporting of transactions and proposed transactions suspected of being related to acts of terrorism. ❑ The Prevention of Terrorism (Amendment) Act 2010, section 6 requires the reporting by financial institutions of transactions of terrorist groups and financiers of terrorism. ❑ The Prevention of Terrorism (Amendment) Act 2010, section 6 requires the reporting by financial institutions of attempted transactions of terrorist groups and financiers of terrorism.
SR.V International cooperation	LC	The provisions of Rec. 38 have not been met with regard to the establishment of a Forfeiture Fund and the sharing of confiscated assets.		❑ The Prevention of Terrorism (Amendment) Act 2010 will provide for the creation of a Forfeiture Fund for confiscated terrorist assets and the sharing of confiscated assets.
SR.VI AML requirements for money and value transfer services	NC	No requirement for registered MVT service operators to maintain a current list of agents. Unable to assess the effectiveness of current monitoring and compliance system for MVT service operators due to lack of information. Sanctions are not applicable to all criteria of SR VI .i.e. failure to licence or register as a MVT service provider. Deficiencies in Recs. 4-11, 13-15, 21-23, and SR VII are also applicable to MVT operators.	• Registered MVT service operators should be required to maintain a current list of agents which must be available to the designated competent authority. • Sanctions should be applicable to all of the criteria of SRVI.	❑ The Money Services Business Act 2007 requires licencees to keep a list of their agents and sub-agents. This provision is now being enforced by the FSRC and statistics being kept. ❑ The Prudential Guidelines are being drafted and will be issued by the end of June 2010. ❑ Under the amendment to **s.**46 of the Money Services Business Act sanctions apply for failure to comply with rules, orders and/or guidelines, thereby allowing the Act to provide sanctions covering all criteria of SR VI. ❑ The MSBA will be amended to include the requirement for licensees to maintain a list of

				sub licensees and also to conduct due diligence of the sub licensees. ❑ The amendment will also include a duty to maintain a current register of names and addresses of licensed money services and their directors and beneficial shareholders, and be responsible for ensuring compliance with licensing requirements. ❑ The process of finalising the Prudential Guidelines is ongoing; the said guidelines would be based on a risk based approach which would take into consideration customer due diligence, internal control systems, regulatory and oversight matters. In addition, the guidelines would include policies, practices and procedures for evaluating assets; policies, procedures and systems for identifying, monitoring and controlling transfer risk, market risk, operational risk; corporate governance; auditor information; procedures to be adopted by licensees and anti money laundering and combating the financing of terrorism matters. Presently Regulations are being drafted. ❑ The FSRC has refused to grant permission to renew the licence for two (2) money services businesses. The FSRC has also initiated legal action by filing a report to the DPP for the laying of information to be granted a search warrant for a person who the FSRC has reasonable cause to suspect is operating an MSB without a licence pursuant to section 4 of the MSB. The MSBA will be amended to include a dissuasive administrative penalty for failure to comply with any guidelines, rules and orders.

SR.VII Wire transfer rules	NC	Requirements for wire transfers in the ML/FTG are not enforceable in accordance with the FATF Methodology.	• Requirements for wire transfers in the MLFTG should be made enforceable in accordance with the FATF Methodology.	❑ Requirements for wire transfers provisions to be enforceable:— The Money Laundering (Amendment) Regulations 2009, section 5(7) inserts regulation 4(3)(m) into the ML/FTG which requires accurate and meaningful originator information in relation to wire transfers. [See NOTE 1 above in relation to enforceability of the regulations]. [See also NOTE 3 item (2) above in relation to enforceability of the provisions under the ML/FTG, paragraphs 3.4 to 3.13 inserted by the Update of 31 July 2006 and amended by paragraph 3 of the Update of 20 July 2009].
SR.VIII Nonprofit organizations	NC	No review of the adequacy of domestic laws and regulations that relate to NPOs has been undertaken by the Authorities in Antigua and Barbuda. There are no measures for conducting domestic reviews of or capacity to obtain timely information on the activities, size and other relevant features of non-profit sectors for the purpose of identifying NPOs at risk of being misused for terrorist financing. No periodic reassessments of new information on the sector's potential vulnerabilities to terrorist activities are conducted. There is no regulatory framework for friendly societies. Although NPOs come within the regulatory framework of the FSRC, it appears that this sector is not adequately monitored. No programmes have been implemented to raise the awareness in the NPO sector about the risks of terrorist abuse and any available measures to protect NPOs from such abuse.	• The Authorities should review the adequacy of domestic laws and regulations that relate to non-profit organisations. • Measures for conducting domestic reviews of or capacity to obtain timely information on the activities, size and other relevant features of non-profit sectors for the purpose of identifying NPOs at risk of being misused for terrorist financing should be implemented. • Periodic reassessments of new information on the sector's potential vulnerabilities to terrorist activities should be conducted. • A regulatory framework governing friendly societies must be implemented. • The Antigua and Barbuda Authorities should monitor more closely the NPO sector's international activities. • Programmes should be implemented to raise the awareness in the NPO sector about the risks of terrorist abuse. • Measures should be instituted to protect NPOs from terrorist abuse. • There should be adequate provisions for	❑ Measures are being developed to more effectively regulate and monitor Friendly Societies. ❑ **Typologies and red flags have been drafted specific to Non-Profit Organizations and have been published for the guidance of financial institutions, through Directive 01 of 2012. SR.IX Cash Couriers	PC	Cases of cross border transportation of cash or other bearer negotiable instruments are not thoroughly investigated. Customs, Immigration, ONDCP and other competent authorities do not co-ordinate domestically on issues related to the implementation of Special Recommendation IX.	• Customs, the ONDCP and other law enforcement agencies should work closely together to investigate cases of cross border transportation of currency or bearer negotiable instruments in order to determine its country of origin. Bearing in mind that such currency may be the proceeds of criminal conduct committed in the said country. • The Examiners are of the view that the ONDCP should be more involved and if possible take control of the investigation with respect to cash seized at the ports of entry and where appropriate initiate money laundering proceedings against the culprits.	❑ The ONDCP has enhanced and continues to enhance cooperation with Customs as well as airport security services in relation to the transportation of cross border currency and bearer negotiable instruments. ❑ The ONDCP now takes the lead role in matters of cross border cash seizures. ❑ There has been the institution of one money laundering prosecution for undeclared cross border cash. ❑ There have been a number of cash seizure cases which are ongoing. A recent cross border cash seizure demonstrates improved relationships since this involved close collaboration with Airport Security. Since this time there has been a further eleven (11) cash seizures which have come from drug operations by the ONDCP and the RPFAB. Ten (10) are currently before the courts and one (1) has been dismissed. ❑ **The number of cross border cash seizures continues to accumulate. One seizure in December 2011 has resulted in a money laundering charge being brought against the courier. That matter is ongoing.**
