ST. KITTS & NEVIS: SEVENTH FOLLOW-UP REPORT

I. Introduction

1. This report represents an analysis of St. Kitts and Nevis' report to the CFATF Plenary concerning the progress that it has made with regard to correcting the deficiencies that were identified in its third round Mutual Evaluation Report. The third round Mutual Evaluation Report of St. Kitts and Nevis was adopted by the CFATF Council of Ministers in May 2009, in Trinidad and Tobago. Based on the review of actions taken by St. Kitts and Nevis to meet the recommendations made by the Examiners, it was decided at the November 2012 Plenary meeting in the Virgin Islands to leave St. Kitts and Nevis in expedited follow-up. Based on the current review, a recommendation would be made as to whether St. Kitts and Nevis would remain on expedited follow-up or be placed in another category of the follow-up process.
2. St. Kitts and Nevis received ratings of PC or NC on thirteen (13) of the sixteen (16) Core and Key Recommendations as follows:

Rec.	1	3	4	5	10	13	23	26	35	36	40	I	II	III	IV	V
Rating	PC	PC	C	NC	LC	NC	PC	PC	PC	C	PC	PC	PC	PC	NC	PC

3. With regard to the other non- core or key Recommendations, St. Kitts and Nevis was rated partially compliant or non-compliant, as indicated below.

Partially Compliant (PC)	Non-Compliant (NC)
R. 8 (New technologies and non-face-to-face business)	R. 16 (DNFBPs R. 13-15 and 21)
R. 9 (Third parties and introducers)	R. 17 (Sanctions)
R. 11 (Unusual transactions)	R. 24 (DNFBPs regulation, supervision and monitoring)
R. 12 (DNFBPs – R. ,6,8-11)	R. 27 (Law enforcement authorities)
R. 14 (Protection & no tipping off)	SR. IX (Cash couriers)
R. 15 (Internal controls, compliance & audit)	
R. 21 (Special attention for higher risk countries)	
R. 25 (Guidelines & feedback)	
R. 29 (Supervisors)	
R. 30 (Resources, integrity and training)	
R. 31 (National cooperation)	
R. 32 (Statistics)	
SR. VI (AML requirements for money/value transfer services)	
SR. VII (Wire transfers)	

St Kitts & Nevis Post-Plenary Final Seventh Follow-Up Report

SR. VIII (Non-profit organisations)	
-------------------------------------	--

4. The following table is intended to assist in providing an insight into the level of risk in the main financial sectors in St. Kitts and Nevis. The table represents the period as at December 2012.

Size and integration of the jurisdiction's financial sector

		Banks	Development Bank	Credit Unions	Securities	Captive and International Insurance	Domestic Insurance	TOTAL
Number of Institutions	Total #	7	1	4	2	318	13	345
Assets	US\$	2,023,200,000 ¹	101,732,592	68,752,993	1,080,511,352 ²	782,894,434 ³	123,488,291	4,180,559,662
Deposits	Total: US\$	1,371,400,000 ⁴	1,710,370	46,665,341	NA	N/A	N/A	1,419,775,711
	% Non-resident	14.8% of deposits	N/A	0.05% of deposits	N/A	N/A	N/A	14.30% of total deposits
International Links	% Foreign-owned:	47.2% of assets N/A	N/A	N/A	N/A	100% of assets	24.90% of assets	42.31% of total assets
	#Subsidiaries abroad	N/A	N/A	N/A	N/A	N/A	N/A	N/A

II. Scope of the current report

5. As noted in the previous report, this report will only focus on Recommendations that remain outstanding and to which St. Kitts and Nevis have provided updates for. Based on the information provided in previous follow-up reports⁵ (FUR #s 5 & 6 are particularly noted) currently the outstanding Recommendations are 12, 23, 24, 26, 30, 32 and SR. VIII. This Report will focus on the latter Recommendations once St. Kitts and Nevis has provided updates on the level of compliance. Based on the decision taken at the Virgin Islands Plenary meeting in November 2012, St. Kitts and Nevis as a CFATF ICRG country is required to substantially comply with all the outstanding deficiencies in the Core and Key Recommendations by May 2013 Plenary. Based on the discussion above

¹ Total asset figure was received from the ECCB as rounded figure

² The two institutions which are licensed by the ECSRC to conduct securities business are both commercial banks, whose total assets are also included under the 'bank' column.

³ Represents available figures as at 31st December 2011 for 2012 registered insurers.

⁴ Total deposits figure was received from ECCB as a rounded figure.

⁵ St. Kitts and Nevis has fully complied with all the Core Recommendations (R. 1, 5, 13, SR. II and SR. IV), rated either 'PC' or 'NC'. With regard to the Key Recommendations rated 'PC' or 'NC', there is full compliance with R. 3, 35, 40, SR. 1, III and V and of the non Core and Key rated 'PC' or 'NC' R. 8, 9, 11, 14, 15, 16, 17, 21, 25, 27, 29 31, and SR. VI, VII and IX are fully met.

only two Key Recommendations (R. 23 and 26) remain outstanding from the previous follow-up report.

III. Summary of progress made by St. Kitts and Nevis

6. Since the Sixth Follow-Up Report, the St. Kitts and Nevis Authorities have amended the Financial Services Regulatory Commission Act (FSRCA) to deal with R. 23, approved the members of the FIU Board and approved the members of the NGO Commission. As part of the ongoing implementation of SR. IX, the Authorities have noted that the Customs and Excise Department continues to facilitate and participate in training courses at the local, regional and international levels. See. Annex 1 attached, with regard to training received by the St. Kitts and Nevis Customs & Excise Department. In addition to the training, the Authorities have noted one incident of the seizure of narcotics (December 2012), there has been close collaboration between the Customs and Excise Department's Enforcement Unit and the FIU. The Authorities also indicated that Nevis' K-9 Unit also conducts weekly operations and that since 2009 an attachment programme has been established between the Customs Departments in St. Kitts and in Nevis, which has served to synchronize procedures in both Islands.

Key Recommendations

Recommendation 23

7. The outstanding Examiners' recommendations for R. 23 pertain to group supervision under the insurance laws and the provision for consolidated supervision under the Nevis Offshore Bank Ordinance. The Authorities have with regard to group supervision amended the FSRCA through Act. No. 33 of 2012 to provide for the monitoring of compliance with the 'Core Principles and regulatory and supervisory measures that apply for prudential purposes but which are also relevant to money laundering and terrorist financing.' The Core Principles referred to will include the IAIS principles. (See. Section 4(3) of the FSRCA as amended November 2012). The Authorities have also explained that all regulated businesses (including entities which conduct banking activity under the Nevis Offshore Bank Ordinance are subject to the provisions in the Financial Services Regulatory Commission Act, No. 22 of 2009, as the FSRC is the ultimate regulatory agency responsible for AML/CFT oversight and compliance within the Federation. Therefore, the effect of amendment No. 33 of 2012 to the FSRC Act is to require all financial institutions such as banks to adhere to the core principles promulgated by international standard setting bodies, which apply for prudential purposes but are also relevant to money laundering and terrorist financing. Therefore, all banks in the Federation (including entities which are created under the Nevis Offshore Bank Ordinance) are required to adhere to standards promulgated by the Basel Committee with regard to consolidated supervision. At a minimum, the Basel Standards require the following:
 1. **Consolidated supervision of all international banks**
 - Information on the bank's global operations
 - Prevent corporate structures that hinder effective supervision
 - Prevent banks from creating foreign banking establishments in particular jurisdictions.

2. Prior consent of supervisor for creation of cross-border banking establishment

- Outward expansion: consent from home country authorities
- Inward consent from host authority
- Consultations between supervisors

3. Information

- Parent supervisor to get information from foreign branches/subsidiaries
- Condition for giving consent to expansion
- On-site examination or other means.

Therefore, at a minimum, all banks, including those licensed under the Nevis Offshore Bank Ordinance, will have to employ measures in order to comply with the above-mentioned standards as they relate to consolidated supervision. Based on the aforementioned, R. 23 has been fully met.

Recommendation 26

8. The Authorities appointed a FIU Board in November 2012 in accordance with Section 3(1) of the FIU Act and accordingly have met the outstanding recommendation with regard to the establishment of the FIU in accordance with this section. The names of the Members of the FIU Body were gazetted on November 5, 2012. The Body comprises representatives from the Ministry of Finance (St. Kitts & Nevis), the Ministry of Legal Affairs, the Legal Department (Nevis), the Director, Financial Intelligence Unit and the Head of the White Collar Crime Unit. The only outstanding issue pertains to the issue of the autonomy of the Director, FIU with regard to the hiring of staff for the FIU. Despite the fact that the Director, FIU is consulted before the Minister makes a final decision and that there has been no incident of interference thus far by the Minister in the operation of the FIU, based on the application of the Civil Service Procedures it can occur. Accordingly, this recommendation remains outstanding, leaving R. 26 substantially met.

Other Recommendations

Recommendation 12

9. This Recommendation has been previously substantially complied with; the only partially outstanding Examiners' recommendation pertains to the 'implementation of a robust system of regulation and supervision for casinos.' Based on a review of the relevant FATF Recommendations, it appears that this recommendation should be and is in fact a part of the recommendations made for R. 24. Accordingly, the outstanding element will be rectified under R. 24 and not R. 12. Consequently, R. 12 has been fully met.

Recommendation 24

10. The Authorities have noted that the outcome of the comprehensive review of the gaming sector by a renowned firm of international consultants resulted in a report which highlighted areas of deficiency and provided a chapter on legislative reform. Accordingly, St. Kitts and Nevis hopes to have some amendments made to the existing legislation so that several of the key recommendations in the report can be adopted. The consultancy also concluded with a training and sensitization exercise that was held in November 28, 2012, which was attended by a number of stakeholders. The Recommendation remains not met.

Recommendation 30

11. As was noted in the fourth follow-up report, the only outstanding recommendation pertains to the consideration of a law library for the Office of the DPP. In this regard, the Authorities have submitted a capital expenditure document for the Ministry of Justice and Legal Affairs (dated 2007) which shows a line item for a law library. The St. Kitts and Nevis Authorities also submitted more current information which showed that the law library project was still on hold because of an unavailability of space at the Judicial Complex. Based on the aforementioned, the Examiners' recommendation has been met and R. 30 has been fully met.

Recommendation 32

12. The outstanding recommendation deals with the lack of response times for statistics with regard to mutual legal assistance. The Authorities have submitted a table showing requests for mutual legal assistance that were received during the period 2010-2011, the table provides information on the name of the country making the request, the nature of the request and the response time in terms of the number of work days. The Examiners' recommendations have been fully met. The Authorities have also noted that the White Collar Crime Unit (WCCU) is currently undertaking a number of money laundering investigations that are currently ongoing. Specifically, on April 11, 2013 the preliminary inquiry into a ML charge was successfully completed and the matter was committed to the High Court for trial. The amount of money in question is (Eastern Caribbean Dollars) XCD\$455,000.00. There are also two pending restraint order matters and in December 2012, a boat that was used in illicit drug activities was seized and subsequently forfeited. Additionally, in March 2013, members of the WCCU attended training in Financial Investigative Techniques in El Salvador. The training was sponsored by the IRS.

Special Recommendation VIII

13. As noted in the Fourth follow-up report, the legislative requirements for this Special Recommendation have been met; however there was still an issue with regard to implementation. In that regard, the Authorities have noted that Members of the NGO Commission were appointed in November 2012 to be an oversight body over the activities of NGOs. The NGO Commission is actively performing its duties as a regulatory oversight body. The Authorities have also stated that the Registrar of the NGOs is responsible for ensuring that NGOs are properly registered in accordance with the provisions of the NGO Act and as such, the documents in the NGO's registry are currently available for public scrutiny. SR.VIII has been fully met.

IV. Conclusion

14. St. Kitts and Nevis now only have one Key issue outstanding (R.26) with regard to autonomy of the FIU. With regard to the non Core or Key Recommendations only R. 24 is currently outstanding.
15. Based on the aforementioned, it is clear that St. Kitts and Nevis is almost at a level of complete compliance with all of its Recommendations that were rated 'PC' or 'NC,' which is excellent progress when one reviews the tables noted at paragraphs 2 and 3 of this report. The consideration with regard to its recommended follow-up status going forward hinges on two factors as follows: (1) the fact that St. Kitts and Nevis meets the criteria for ICRG prima facie review with regard to the number of 'PCs' and 'NCs' in the Core and Key Recommendations and (2) the requirement by the CFATF ICRG that substantial progress be made with the outstanding Core and Key Recommendation be by May 2013. Having taken these factors into consideration it is recommended that St. Kitts and Nevis be considered as a candidate for removal from the CFATF ICRG process. St. Kitts and Nevis will then be placed in regular follow-up and report back to Plenary in May 2014.

FATF 40+9	Rating	Summary of Factors for Rating	Recommended Actions	Actions Undertaken by St. Kitts & Nevis
				<p>12 of the Anti-Terrorism (Amendment) Act, 2009 (No 13 of 2009) The ATA Amendment No. 3 of 2012 sets out in section 14, procedures for the forfeiture and confiscation of property. The section provides that the DPP may apply to the Court for the forfeiture of any property that was seized pursuant to section 33 of the Act. The section places an obligation on the DPP to give notice to any person from whom the property was seized or who might be connected with the property in question. Persons interested in the property would have a right to appear at the forfeiture hearing. The Court would examine all the merits of the case and if a decision is made to forfeit the property in question, then the property would become the property of the State. A right to appeal the decision of the Court is afforded to any person who has an interest in the property.</p> <p>In terms of procedures for the unfreezing of property, section 43 of the ATA provides adequately for this process by providing details on what actions a person could take in seeking to have property unfrozen. Application is made to the court by a person having a relevant interest in the matter and the ATA notes the nature of the matters that the court would take into consideration before a determination is made concerning the property. Procedures contemplated involve the possibility of variation or revocation of the original freezing order. Additionally the procedures in relation to unfreezing have been published as an advisory on the Financial Services Regulatory Commission website.</p>
Preventive measures				
4. Secrecy laws consistent with the Recommendations	C	This Recommendation has been fully observed.		
5. Customer due diligence	NC	The AMLR may not extend to terrorism financing obligations.	<ul style="list-style-type: none"> The Authorities should resolve the issue as to whether the AMLR can legally refer to matters relating to the financing of terrorism. As a consequence, there may be 	See Regs 3, 4 and 5 of the Anti-Terrorism (Prevention of Terrorist Financing) Regulations, 2011 addressing the financing of terrorism.

13. Suspicious transaction reporting	NC	<p>The suspicious transaction reporting requirements under the AMLR and the ATA are not in keeping with the FATF requirements.</p> <p>Sanctions under AMLR are not proportionate and may affect effectiveness for more serious offences.</p> <p>Sanctions for failing to report possession of terrorist property is less severe than other reporting breaches under the ATA</p>	<ul style="list-style-type: none"> The requirement for suspicious transaction reporting under the AML Regulations needs to be aligned with the issue of funds being the proceeds of criminal activity in accordance with the requirements of Recommendation 13. The Authorities should de-link the connection between unusual transactions and suspicious transactions, as they represent two separate obligations under the FATF Recommendations. The requirement for suspicious transaction reporting under the ATA needs to be aligned with the issue of funds being linked to or related to terrorism, terrorist acts or terrorist organisations or financiers in accordance with the requirements of Special Recommendation IV. All offences under the AML Regulations carry the same penalty of EC\$50,000. The Authorities should re-examine this as a “one-size” fits all approach to sanctions under the regulations could inhibit effectiveness especially for the more serious sanctions. 	<p>AML Regulations and Guidance Notes</p> <p>The reporting requirement under Section 17 of the ATA has been amended accordingly. See Section 8(a) of the Anti-Terrorism (Amendment) Act, 2009 (No. 13 of 2009)</p> <p>See Regs 3(7), 4(2) (e), 4(9) (l); 4(13); 5(6); 8(10); 11(2) (d); 11(2) (e); 11(4); 14(1). of the AML Regulations</p>
14. 15. Internal controls, compliance & audit	PC	<p>Requirements regarding internal audit and testing, compliance officers and staff training may only apply to ML (and not to TF issues) under the AML Regulations.</p> <p>No requirement that internal testing should be independent and adequately resourced</p>	<ul style="list-style-type: none"> The Examiners take the view that the AMLR cannot extend to obligations relating to terrorism financing. Thus the internal control measures prescribed by the AMLR cannot apply to the area of financing of terrorism. This would impact key areas such as internal auditing, the compliance officer and staff training, notwithstanding the fact that these areas in practice do cover terrorism financing issues. The St. Kitts and Nevis Authorities should take legislative measures that would ensure that the obligations under Recommendation 15 apply to the financing of terrorism. The Authorities should consider providing further guidance on internal testing procedures and requiring that these functions be independent and appropriately resourced. There is a fundamental issue of concern relating to properly ascertaining the level of compliance with regard to suspicious transaction reporting requirements that is achieved by the resident insurance manager operating under the Captive Insurance Act and the Nevis International Insurance. Given that the vast majority of these transactions occur offshore, there is an issue as to how the Regulators are able to properly and independently verify that all transactions are being captured. 	<p>See Regulation 3(1)(a)(iv) & 3(5)(d) of the Anti-Terrorism (Prevention of Terrorist Financing) Regulations, 2011.</p> <p>Prevention of Terrorist Financing (Amendment) Regulations have been prepared and approved. The amendment addresses this issue by inserting a new subregulation 3 (8) which provides an explanation of what is encompassed by internal controls and procedures to prevent or forestall terrorist financing. The provision contemplates a requirement that regulated persons should have procedures in place that would ensure independent auditing, proper screening of prospective employees and provisions for monitoring of transactions.</p> <p>Additionally, guidance in the form of an advisory on the Financial Services website has been posted to give further guidance to regulated persons on what the requirements are for internal testing and procedures.</p> <p>The FSC has been revamped to expand its powers. Within its new ambit, the Commission is responsible for regulation of most DNFBP's. See Section 4(1) of the Financial Services Regulatory Commission Act, 2009 (No. 22 of 2009).</p>
16. Report

FATF 40+9	Rating	Summary of Factors for Rating	Recommended Actions	Actions Undertaken by St. Kitts & Nevis
		<p>TF.</p> <p>A number of reporting entities have not received training in relation to the reporting guidelines and are unaware of their obligations under the POCA.</p> <p>The FIU's independence and autonomy can be unduly influence by its Director's inability to recruit appropriate and competent staff.</p> <p>The Minister is given too much authority under the Act as he is responsible for the Policy making and the appointment of consultants to the FIU decision making functions. (Sec 6 FIU Act).</p> <p>The FIU does not prepare and disseminate trends and typologies to relevant reporting entities.</p> <p>Information held by the FIU is not sufficiently secured and protected.</p> <p>There is no standard reporting time in which reporting entities are required to file STRs to the FIU.</p> <p>No guidance on the filing of STRs in relation to TF has been issued by the FIU.</p> <p>The FIU has not been fully constituted in accordance with the FIU Act.</p>	<p>ATA as amended to give reporting entities a specific time period to submit report of terrorist financing to the FIU.</p> <ul style="list-style-type: none"> St. Kitts and Nevis should consider establishing a structured training schedule, in the short term, to target those entities that have not received training in the manner of reporting and identifying suspicious transactions. Continuous dialogue and training should be maintained with reporting bodies with the view of evaluating their reporting pattern so that weaknesses can be identified and addressed accordingly. The St. Kitts and Nevis Authorities may need to review the manner in which staff is recruited at the Financial Intelligence Unit to allow the Director to have some form of authority as to the quality of the staff that is recruited. The St. Kitts and Nevis Authorities may need to review the powers given to the Minister, such as policy making and the recruitment of consultants to the Financial Intelligence Unit, without the consensus of the Director of the FIU or the FIU body, as this does not reflect enough independence and autonomy. The FIU needs to prepare and circulate ML and TF trends and typologies to the reporting entities, so that they can adapt appropriate measures and strategies. These trends and typologies should also be included in the Annual Report. The building that presently houses the FIU needs to be more adequately secured through the use of security features such as 	<p>See Section 8(a) of the Anti-Terrorism (Amendment) Act, 2009 (No 13 of 2009)</p> <p>During 2009, the FIU established a structured training schedule for targeted entities and executed this through presentations and meetings with relevant personnel as detailed on Schedule 4. The Nevis annual AML/CFT seminar also provides a forum for training and dialogue with regulated sectors, providing clarification to participants on reporting requirements etc.</p> <p>FIU training has been ongoing for 2010. The intelligence analysts attended the Nevis AML/CFT training workshop in Nevis and in July attended the Second Sub-Regional Workshop for Caribbean Countries on Counter-Terrorism Financing in Nassau Bahamas. See also attached Schedule of Additional Training since November 2010.</p> <p>In terms of Training and guidance provided to regulated entities, Credit Unions were addressed for the months of June, July and August, where Meetings were held with the Compliance Officer of a Credit Union, and the Senior Managers of the Credit Unions respectively focusing mainly on creating greater awareness of suspicious transaction reporting and emphasizing reporting obligations generally, and to bring greater awareness of the AML and CFT laws.</p> <p>A Terrorist Property Report was created by the FIU and distributed to help with the more detailed and specific information that is needed to assist financial institutions with their reporting obligations. A new security system has been installed with an electronic key pad, video entrance monitor and burglar alarm.</p> <p>The FIU Director is fully involved in the recruitment process, including participating in the interviews and making recommendations to the Minister on final personnel selection.</p>

FATF 40+9	Rat- ing	Summary of Factors for Rating	Recommended Actions	Actions Undertaken by St. Kitts & Nevis
SR.II Criminalize terrorist financing	PC	<p>Terrorist financing does not meet the requirements to be considered a predicate offence.</p> <p>There are inadequate stipulated penalties for legal persons under the ATA.</p>	<ul style="list-style-type: none"> The penalty for summary conviction of terrorist financing under Section 12 of the ATA should be at least one year in order for terrorist financing to be considered a predicate offence. St. Kitts and Nevis needs to amend the ATA legislation in order to clearly reflect the liability of legal persons by quantifying the fines where necessary. 	<p>Section 12 of the ATA has been amended to increase the prison term to a maximum of five (5) years. See Section 4 of the Anti-Terrorism (Amendment) Act, 2009 (No 13 of 2009)</p> <p>Sections 12, 13, 14, 15 and 17 of the ATA have been amended to clearly reflect liability to legal persons by specifying fine unlimited. See Sections 4, 5, 6, 7 & 8 of the Anti-Terrorism (Amendment) Act, 2009 (No 13 of 2009)</p> <p>The ATA Act was amended in February of 2012 to address inter alia the inconclusiveness of the open-ended fines. Section 12 of the Act which criminalises fundraising for terrorist purposes was amended in subsection (6) paragraphs (a), (b) and (c) to provide for specific quantification of fines. Paragraph (c) penalised activities of a corporate or unincorporated body by imposing a fine of two hundred and fifty thousand dollars. In section 13(2), which deals with use or possession of property for terrorist purposes, a similar amendment was made in paragraph (c). The other amendments followed this trend and this was largely mirrored in sections 15(2) (c); 17(9) (c) which dealt respectively with engaging in money laundering for terrorist purposes and the duty to disclose information relating to a person who has committed a terrorist financing offence. Fines were also quantified in sections 27(1)(a) and 28(a). In all cases involving the culpability of a body corporate or unincorporated, the amended fines are in excess of one hundred thousand dollars.</p>
SR.III Freeze and confiscate terrorist assets	PC	<p>Section 43 of the ATA does not satisfy the requirement of S/RES/1267 for the freezing without delay of funds belonging to the Taliban and Al-Qaida.</p> <p>No regulations made with regard to the procedure for an application for de-listing as a terrorist or terrorist</p>	<ul style="list-style-type: none"> Provision ought to be made for the freezing without delay of the funds or other assets of the Taliban and Al-Qaida. The regulations for de-listing terrorist and 	<p>The ATA was amended by Act No. 3 of 2012. Section 43 of that Act now provides that an application by the Director of Public Prosecutions the ATA was amended by Act No. 3 of 2012. Section 43 of that Act now provides that an application by the Director of Public Prosecutions to the court for a freezing order for terrorist funds "may be made ex parte but in any case shall be made without delay". This amendment to the</p>

Report

FATF 40+9	Rating	Summary of Factors for Rating	Recommended Actions	Actions Undertaken by St. Kitts & Nevis
SR.VII Wire transfer rules	PC	<p>Money Services Act and Payment System Act not implemented.</p> <p>Detailed originator information not expressly required for all types of transfers.</p> <p>No appropriate guidance to funds transfer businesses and banks with regard to treatment of fund transfer transactions that do not have sufficient originator information.</p> <p>Ambiguity regarding inspection and sanction powers against banks and offshore banks for AML/CFT issues.</p> <p>No requirements for financial institutions to take appropriate action when they receive a transfer accompanied with inadequate originator information.</p> <p>Criminal sanctions under AMLR and FSCA not proportionate.</p>	<ul style="list-style-type: none"> Both the Money Services Act and the Payment Systems Act should be brought into effective implementation. The full detailed originator information required for cross border transfers should be expressly required for all types of transfers. There needs to be appropriate guidance provided to funds transfer businesses and banks with regard to the appropriate treatment of funds transfers transactions where sufficient originator information is not available. The Authorities may wish to consider amending the Banking Act to definitively grant to the ECCB the power to inspect and sanction banks for breaches of AML/CFT obligations. The Nevis Offshore Banking Ordinance should provide for sanctions, including revocation, for breaches of AML/CFT obligations; The Nevis Offshore Banking Ordinance should expressly allow for examinations by the ECCB to deal with AML/CFT issues. The criminal sanctions under the FSCA and the AMLR should be proportionate to the actual offence committed, which can affect dissuasiveness and effectiveness. 	<p>Both the MSB Act, 2008 and Payment Systems Act, 2008 (No 17 of 2008) were brought into force on January 1, 2009.</p> <p>With regard to the need for appropriate guidance for funds transfers businesses and banks as it relates to the appropriate treatment of funds transfer transactions where sufficient originator information is not available, Regulations 122 & 123 of the Financial Services (Implementation of Industry Standards) Regulations 2011 provide that businesses must include meaningful and accurate originator information on all wire transfers that are sent and with the transfer or message through the payment chain. Businesses are also required to maintain records pertaining to the identity of the remitting customer and as far as possible the identity of the ultimate recipient. There is also a requirement to comply with the SWIFT requirements when sending domestic or international credit transfers. The requirement for originator information is also applicable to cross border wire transfers.</p> <p>The St. Kitts and Nevis Authorities have noted that pursuant to Section 4 (2) of the FSRC Act, the FSRC is (a) the ultimate regulatory body for financial services and for anti-money laundering for Saint Christopher and Nevis. In addition, section 4(2)(d) states that the Commission shall monitor compliance by regulated persons with the Proceeds of Crime Act, the Anti-Terrorism Act and such other Acts, regulations, codes or guidelines relating to money laundering or the financing of terrorism that are set out in Schedule 1 (of POCA). Therefore, the passage of the FSRC Act in 2009, established the FSRC as the ultimate regulatory body for AML and CFT. Therefore the ECCB and the ECSRC are no longer involved in onsite inspection or supervision of the Securities and Banking sectors where AML/CFT is concerned.</p>
