**SAINT LUCIA: SEVENTH FOLLOW-UP REPORT**

**I INTRODUCTION**

1. This is Saint Lucia seventh follow-up report. However pursuant to paragraph 68 of the CFATF 2007 Process and Procedures (As amended) the Jurisdiction has indicated that it is of the opinion that it had met the criteria necessary for removal from regular follow-up to biennial updates. Consequently, on an analysis of the progress made by Saint Lucia since the publication of its MER on November 21, 2008, the Plenary is being asked to decide that the Jurisdiction has taken sufficient action to be considered for removal from regular follow-up as noted above.
2. Saint Lucia received ratings of PC or NC on all sixteen (16) core and key Recommendations as follows:

**Table 1 Compliance with Core and Key Recommendations**

## II. SUMMARY OF PROGRESS MADE BY SAINT LUCIA

5. Throughout the follow-up process Saint Lucia has amended several pieces of key legislation. The amendments were made to the Criminal Code through the Criminal Code (Amendment Act) No. 2 of 2010; the Extradition Act, through the Extradition (Amendment) Act No. 3 of 2010; the Proceeds of Crime Act through the Proceeds of Crime (Amendment) Act No. 4 of 2010; and the proceeds of Crime (Amendment) Act No. 15 of 2011; the Anti-Terrorism Act, through the Anti-Terrorism (Amendment) Act No 5 of 2010. Saint Lucia also enacted the Counter-Trafficking Act No 7 of 2010, which is intended to give effect and implement the Protocol to Prevent and Suppress and Punish Trafficking in persons; the Money Laundering (Prevention) Act No 8 of 2010 (MLPA) and the Money Service Act were also enacted and came into force on January 25<sup>th</sup>, 2010. The Payment System Act was enacted on 15<sup>th</sup> March, 2010 but it is unclear when this Act became law. Additionally, the Policy regarding a code of conduct for non-profit organisations and regulation of NPOs to promote transparency and accountability best practices was created. As at December 5<sup>th</sup>, 2008, the Anti-Terrorism Act of 2003 was brought into force, through the Anti-Terrorism Act (Commencement) Order. On Monday 17<sup>th</sup> May 2010, Money laundering (Prevention) (Guidance Notes) Regulations were made by the Attorney General pursuant to Section 43 of the 2010 MLPA incorporating the

- guidelines made by the FIA. Saint also enacted the Financial Services Regulatory Authority, FSRA Act. The MLPA was amended through the MLPA Amendment Act No. 9 of 2011, MLP(A)A.
6. Further amendments were made to the MLPA through the Money Laundering Prevention (Amendment) Act No. 9 of 2011 to further rectify deficiencies noted for Recommendation 5. Therefore, the Examiners recommendation that financial institutions, when they are in doubt about the veracity or adequacy of previously obtained customer identification, should be mandated to undertake CDD was covered.
  7. DNFBP Regulations through the *Money Laundering (Prevention) (Guidelines for Other Business Activity) Regulations (MLPGOBAR) as Statutory Instrument 2012, No. 83*. Amendments to the Money Laundering (Prevention) (Guidance Notes) Regulations (MLPGNR) were effected through the Money Laundering (Prevention) (Guidance Notes) (Amendment) Regulations (MLPGNAR) as Statutory Instrument 2012 No. 82. Both Instruments were brought into force on August 10<sup>th</sup>, 2012.
  8. Saint Lucia has acceded to the UN Convention for the Suppression of the Financing of Terrorism and the UN Convention against Corruption, on 18<sup>th</sup> November and 25<sup>th</sup> November, 2011, respectively. Saint Lucia also signed an MOU with St. Vincent and the Grenadines.
  9. The Commercial Code (Bills of Exchange) (Amendment) Bill and the Insurance Bill have been drafted.
  10. On February 26, 2013 Saint Lucia officially informed the Secretariat of its intention to submit an application for removal from regular follow-up to biennial updates. Following this, on March 18, 2013, in advance of the two (2) month deadline before the May 2013 Plenary, the Jurisdiction forwarded its application see ([Appendix I](#)) along with a full report on all the individual Recommendations for which it was required to take corrective action to cure deficiencies noted in its MER. It should be noted here that notwithstanding this action, Saint Lucia still ensured that its updated matrix ([Appendix II](#)) was forwarded to the Secretariat on time on February 28, 2013.
  11. This seventh follow-up report is intended to be a detailed analysis of the progress, made by Saint Lucia, towards implementing the sixteen Key and Core Recommendations which, as is already noted at paragraph 2 above, were all rated as either PC or NC in the MER. A less detailed analysis of the Other Recommendations that were also rated as either PC or NC is also included.

## CORE RECOMMENDATIONS

### Recommendation 1 ([See Saint Lucia's report here](#))

12. Recommendation 1 was rated PC on account that self-laundering was not covered by legislation and owing to a lacuna in the existing MLPA, a conviction for the commission of a predicate offence was a necessity to the offence of money laundering. Additionally, the widest range of categories of offences was not criminalised, resulting in the offences of smuggling, migrant smuggling, hostage taking, sexual exploitation of children, piracy, insider trading and market manipulation, counterfeiting and piracy, illicit trafficking in stolen or other goods, participation in organised criminal group, environmental crimes, murder/ grievous bodily harm not being covered. **S.28 (1)** of the 2010 MLPA was enacted to specifically cure the deficiency relating to self-laundering and consequently a person who conceals or disguises any property which is or in whole or in part represents his or her proceeds of a criminal conduct for the purpose of avoiding prosecution for a drug trafficking offence or relevant offence or the making of an enforcement order in his or her case or a confiscation, order commits an offence. That gap was *closed*.
13. Saint Lucia also amended its Criminal Code and enacted the Counter-Trafficking Act. Consequently the offences of hostage taking, migrant smuggling, participation in an organised criminal group and sexual exploitation of children are now definitively defined. Saint Lucia has also demonstrated that the other outstanding designated categories of offences were effectively covered in existing legislation. All the designated categories of offences are now covered. Consequently, the gaps relating to the designated categories of offences have all been *closed*. This action by Saint Lucia has the effect of fully implementing all the recommended actions thus *fully resolving all the noted deficiencies*.

### Recommendation 5 ([See Saint Lucia's report here](#))

14. Saint Lucia's 3<sup>rd</sup> round MEVAL examiners noted significant deficiencies in the MLPA where requirements of the essential criteria were not included and in many instances where they were, they had not been adequately addressed. Additionally, the guidance notes were not OEM. Saint Lucia has responded by enacting significant changes to the MPLA and completely revising the Guidance notes. New Guidelines were issued by the Financial Intelligence Authority (FIA) pursuant to section 5 (f) of the MLPA. It should be immediately noted that according to Section 43 of the 2010 MLPA, the Attorney General can make Regulations prescribing matters necessary for carrying out or giving effect to the Act. However at Section 6 (f), the FIA has the power to issue guidelines to financial institutions and persons engaged in business activity as to compliance with the said MLPA and the Regulations made by the Attorney General. Inherently, the Regulations issued by the Attorney General on 17<sup>th</sup> May 2010, are the Guidelines of the FIA and are now referred to as the Money Laundering (Prevention) (Guidance Notes) Regulations (MLPGNR).
15. Relative to the OEM status of the Money Laundering (Prevention) (Guidance Notes) Regulations. At Regulation 2 (2) a breach of the Guidelines by a financial institution constitutes an offence and carries a penalty not exceeding \$1 million. There are no administrative sanctions available and the FIA, as the AML/CFT supervisor for financial institutions and person engaged in other business activity in Saint Lucia, has no authority to impose the prescribed sanctions. Actually, it is unclear how these sanctions would be imposed and the entity in Saint Lucia that will be charged with this responsibility. Notwithstanding, the MLPGNR is part of the laws of Saint Lucia and as such are deemed to be OEM.

16. The recommendation relative to the undertaking of CDD by all financial institutions has been dealt with at Section 17 (1) of the amended MLPA 8 of 2010, where there is a legal obligation that burdens all financial institutions and persons engaged in ‘other business activities’ (DNFBPs) to conduct CDD in the circumstances enunciated at EC 5.2. All of the examiners recommendations to cure the deficiencies relating to EC 5.2 are now met and that gap was *closed*.
17. The examiners recommendation that the MLPA should be amended so that financial institutions and persons engaged in ‘other business activities’ should be required to ensure that documents, data or information collected under the CDD process are kept up-to-date and relevant by undertaking routine reviews of existing records has been fully met at Section 17 (2) of the MLPA amendment. The OEM shortcomings identified by the examiners are now moot because of the placing of the recommended provisions into the primary legislation (MLPA). That gap was *closed*.
18. The examiners recommendation that financial institutions, when they are in doubt about the veracity or adequacy of previously obtained customer identification, should be mandated to undertake CDD is now covered (MLPA Amendment s.7 of the Money laundering Prevention (Amendment) Act No. 9 of 2011). That gap was *closed*.
19. The recommendation to undertake customer due diligence (CDD) measures when there is a suspicion of money laundering or terrorist financing, regardless of any exemptions or thresholds that are referred to elsewhere under the FATF Recommendations has been addressed by (MLPA Amendment s.7 of the Money laundering Prevention (Amendment) Act No. 9 of 2011). That gap was *closed*.
20. The recommendation to take reasonable measures to understand the ownership and control structure of the customer and determine who the natural persons are that ultimately own or control the customer. This includes those persons who exercise ultimate effective control over a legal person or arrangement was specifically address through **s.17 (4)** and **s.17 (11)** of the MLPA. That gap was *closed*.
21. The recommendation to obtain information on the purpose and intended nature of the business relationship. This has been address at **s.17 (4) (c)** of the MLPA which specifically states that CDD measures conducted must include “obtaining information on the purpose and intended nature of the business relationship”. That gap was *closed*.
22. The recommendations to provide for performing enhanced due diligence for higher risk categories of customer, business relationship or transaction and Provide for applying reduced or simplified measures where there are low risks of money laundering, where there are risks of money laundering or terrorist financing or where adequate checks and controls exist in national system respectively have been addressed through **s. 17 (3)** of the MLPA which mandates at 17 (3) (a) the application of enhanced due diligence for higher risk categories of customer, business relationship or transaction and at 17 (3) (b) the application of reduced or simplified measures where there are low risks of money laundering, where there are risks of money laundering or terrorist financing or where adequate checks and controls exist in national system respectively. Those gaps were *closed*.
23. Based on all of the above the action by Saint Lucia has the effect of fully implementing all the recommended actions for Recommendation 5 thus *fully resolving all the noted deficiencies*.

**Recommendation 10 ([See Saint Lucia's report here](#))**

24. Please see the first follow-up report ([Saint Lucia 1st Follow-up Report](#)) for a detailed analysis of the action taken by Saint Lucia which led to *full resolution of all the noted deficiencies*.

**Recommendation 13 ([See Saint Lucia's report here](#))**

25. Please see the first follow-up report ([Saint Lucia 1st Follow-up Report](#)) for a detailed analysis of the action taken by Saint Lucia which led to *full resolution of all the noted deficiencies*.

**Special Recommendation II ([See Saint Lucia's report here](#))**

26. The first ([Saint Lucia 1st Follow-up Report](#)) and third ([Saint Lucia 3rd Follow-up Report](#)) follow-up reports have already provided detailed analyses on the provisions of the ATA and the Anti-Terrorism (Guidance Notes) Regulations 2010 (ATGNR). Both reports had however concluded that the Anti-Terrorism Act did not provide a clear definition of the term *person*. Whilst Saint Lucia has still not provided any clarity in the ATA, on April 18, 2013, the Jurisdiction provided a copy **s.34** of their Interpretation Act CAP 106 which is concerned with the "Rules as to gender and number". At s.34 (1) words in an enactment referring to persons include corporations, whether collectively or as a sole entity, and unincorporated bodies of persons. Consequently the provisions of ATA do extend to legal persons. Saint Lucia is still advised to provide the necessary clarity in the ATA. Here all the gaps in the MER have been closed resulting in *full resolution of all the noted deficiencies*.

**Special Recommendation IV ([See Saint Lucia's report here](#))**

27. **S.16 (1)** of the 2010 MLPA mandates the reporting of STRs in circumstances where there is suspicion that the transaction involves the proceeds of criminal conduct, irrespective of the amount. Criminal conduct is linked to drug trafficking offences, indictable offences and the MLPA Schedule 1 offences. Schedule 1 offences are offences captured under several other pieces of legislation in force in Saint Lucia. Additionally, the reporting of STRs where funds are suspected to be linked to terrorism, terrorist acts or by terrorist organizations or those who finance terrorism is legislated in the Anti-terrorism Act of 2003 **at s.32 (1) (d)** where a person is required to disclose forthwith, to the Financial Intelligence Agency any information regarding a transaction or proposed transaction for which there are reasonable grounds to believe may involve terrorist property. Also **s.32(a)** of the ATA requires financial institutions to report to the FIA every transaction which occurs within the course of its activities in respect of which such financial suspects, on reasonable ground to be related to the commission of a terrorist act. The gaps discerned by the examiners have been closed resulting in *full resolution of all the noted deficiencies*.

**KEY RECOMMENDATIONS**

**Recommendation 3 ([See Saint Lucia’s report here](#))**

28. This recommendation was rated as PC inherently because the existing forfeiture and confiscation measures were not being utilized. Saint Lucia has provided the following data to demonstrate that since the onsite the Jurisdiction has in fact been utilizing the confiscation and provisional measures which are available in their legislation.

**Table 4: Orders and their values**

NO OF ORDERS	TYPE OF ORDER	VALUE (EC\$)
10	Cash detention	1,062,555.90
2	Forfeiture	\$364, 145.42
13	Restraint	7, 749, 498.00

29. In order to demonstrate that their law enforcement agencies have been using the existing provisional measures to identify and trace property Saint Lucia has indicated that they have obtained five (5) production orders and currently have 28 confiscation cases under review. The relatively low number of production orders is as a result of a power pursuant to section 6(1) (b) of the MLPA where the FIA requests the production of information from reporting institutions, in lieu of a production order, where the FIA is investigating a money laundering offence. These cases have a potential benefit and value of EC\$12,245,845.00. Saint Lucia has also continued to develop its provisional measures by providing for the seizure and detention and forfeiture of cash when found anywhere in Saint Lucia once there is the basis for suspecting that such cash represents a person’s proceeds of a criminal conduct or were intended to be used by such a person in furtherance of criminal conduct. In this regard Saint Lucia, since 2010 and 2011 when these new measures came commenced, there have been ten (10) cash Detention Orders granted for the detention of EC\$962,610.51. There have been eight (8) cash forfeiture applications made with two (2) forfeiture orders being granted thus far for the sum of EC\$264,200 and the remaining six (6) are still pending.

**Recommendation 4 ([See Saint Lucia’s report here](#))**

30. The examiners had applied a PC rating and made recommendations for amendments to the Insurance Act and Registered Agents and Trustees Act to provide for expressed provision for the sharing of information and indemnity for staff members making such disclosures. The gap in relation to the indemnity of reporting staff has been closed owing to the bs.16 (2) of the MLPA. (See [Saint Lucia 1<sup>st</sup> Follow-up Report](#)). At **s.25 (1)** of the Registered Agents and Trustees Act 37 of 1999 (RATLA), disclosure of information is permitted where the Director is carrying out his duties or functions under this said Act or when he is required to do so pursuant to any agreement or MLA with any other government. At **s.26** immunity is provided to the director against action brought provided that the Director was acting in good faith. Director or any other person acting under his authority is indemnified. The gaps noted here were *closed*.
31. The amendment to the Insurance Act has not as yet been enacted. Here **s.20** of the Insurance Act (Secrecy) appears to directly prohibit the disclosing of information on the affairs of the licensee or the affairs of a customer of the licensee. Even though **s.20 (3)** appears to make an

exception, in this case the information sharing relates to prudential issues and not AML/CFT. This Recommendation continues to remain *outstanding*.

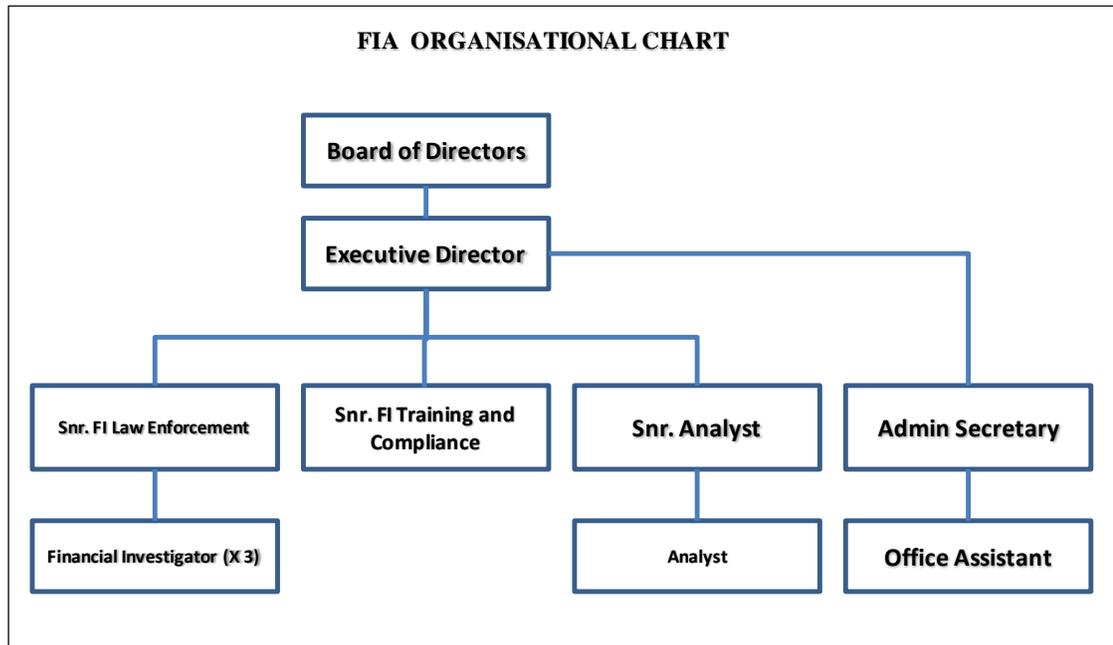

**Recommendation 23** ([See Saint Lucia’s report here](#))

- 32. The examiners had made one (1) recommendation for closing the gap here. The recommendation here was for Saint Lucia to “*consider a registration or licensing process for money or value transfer service businesses*”. S.4 of the Money Services Business Act, (MSBA) created a licensing requirement whilst s.5 created several classes of licences applicable to money or value transfer services. This action by Saint Lucia resulted in *full resolution of all the noted deficiencies*.

**Recommendation 26** ([See Saint Lucia’s report here](#))

- 33. There were four (4) recommendations made by the examiners aimed at closing the noted deficiencies. The first recommendation was taken on board with the 2008 commencement of the ATA and the enactment of related Regulations in 2010.
- 34. The second recommendation about consideration being given to the establishment of clear and unambiguous roles in the FIA has been achieved through the implementation of a new staffing initiative which saw the appointment of a dedicated analyst and four financial investigators. The FIA has two (2) dedicated analysts who analyse and develop SARs to be passed on to the Law enforcement section for financial investigation or disseminated to other LEAs in St Lucia for action or further development. The FIA also has designated the role of Training and Compliance to a dedicated Snr. Financial Investigator who oversees the training, supervision and compliance of reporting institutions. Saint Lucia has submitted the following organisational chart to show how the various roles within the FIA are demarcated:

**Chart 1: FIA Organisational Chart (All positions are filled)**

35. The third recommendation for Saint Lucia to *consider giving the Board of the Financial Intelligence Authority the power to appoint the Director and staff without reference to the Minister* was partially implemented to through **s.4(5)** of the MLPA. Here the Financial Intelligence Authority (Authority) is empowered to appoint the Director on such terms and conditions determined by the said Authority. At **s.3** of the **MLP(A)** the powers of the Authority was extended to include the authority to appoint “such other general support personnel” on such terms and conditions determined by the said Authority. This gap was completely *closed*.
36. The fourth recommendation for Saint Lucia to consider reviewing the level of involvement of the FIA within the financial community is an on-going exercise. Saint Lucia has reported that owing to the increase of additional seminars, presentations, guidance and advice to financial institutions have been provided by the FIA. This gap is *closed*. The legislative and administrative action taken by Saint Lucia has closed all the gaps discerned by the examiners for Recommendation 26 resulting in *full resolution of all the noted deficiencies*.
37. Saint Lucia was rated NC on account of the Palermo and Terrorist Financing Conventions not being ratified, there was not anti-terrorist legislation in place and the UNSCRs were not fully implemented. The Jurisdiction began the process of closing these deficiencies by commencing the ATA in December 2008. In November 2011 Saint Lucia acceded to the International Convention for the Suppression of Financing of Terrorism and by virtue of Article 2 (2) of that convention has unreservedly acceded to all the annexed conventions. The Jurisdiction has reported that the instruments of accession and or ratification have been drawn up and signed with respect to all the outstanding Conventions and Protocols. These were forwarded to be deposited and confirmation with respect to the depositing of one convention is awaited. Consequently the Saint Lucia has acceded to and ratified the following Conventions and or Protocols:
- i. Protocol to the convention for the Suppression of Unlawful Seizure of Aircraft – 12<sup>th</sup> September 2012;
  - ii. Convention on the punishment of crimes against protected persons – 12<sup>th</sup> November 2012;
  - iii. International Convention for the Suppression of Terrorist Bombings – 17<sup>th</sup> October 2012;
  - iv. International Convention for the Suppression of Acts of Nuclear Terrorism – 12<sup>th</sup> November 2012;
  - v. Convention on the Physical Protection of Nuclear Material – 14<sup>th</sup> October 2012;
  - vi. Convention on the Suppression of Unlawful Acts relating to International Civil Aviation – 12<sup>th</sup> September 2012;
  - vii. Convention Against the Taking of Hostages – 17<sup>th</sup> October 2012;
  - viii. Protocol of 2005 to the Protocol for the Suppression of Unlawful Acts against the Safety of Fixed Platforms located on the Continental Shelf – 6<sup>th</sup> February 2013;

- ix. Protocol of 2005 to the Convention for the Suppression for the Suppression of Unlawful Acts against the Safety of maritime Navigation 6<sup>th</sup> February 2013;
  - x. Amendment to the Convention on Physical Protection of Nuclear Material – 8<sup>th</sup> November 2012;
  - xi. The following instrument has been deposited and confirmation is awaited;
  - xii. Convention on the Marking of Plastic Explosives for the purpose of identification; and
  - xiii. Convention against corruption – November 25, 2011.
38. Saint Lucia became a signatory to the Palermo Convention on September 26, 2001 and gave the said Convention the force of law with the enactment of the MLPA and Criminal Code (Amendment) Act in 2010.

**Recommendation 36 ([See Saint Lucia's report here](#))**

39. Here the first deficiency was related to the the underlying restrictive condition of dual criminality. Saint Lucia pointed to **s.18 (2)** of the MACMA which provides for the refusal of a request where the conduct if it had occurred in Saint Lucia would not constitute an offence. At **s.18 (3)** of the MACMA the Central Authority has the right to exercise discretion where the conduct is similar in Saint Lucia. At **s.18 (5)** however the Central Authority is allowed to provide MLA notwithstanding s.18 (2) and s.18 (3). Consequently there is nothing prohibiting assistance where both countries criminalise the conduct underlying an offence. It should be noted as well that technical differences do not prevent the provision of mutual legal assistance. As for there being no clear channels for co-operation, Saint Lucia has reported that clear channels for communication have been identified and set up. All MLAT's by all agencies are 11 channelled through the Attorney General's Chambers who is the Central Agency. The noted gaps for this Recommendation have all been closed resulting in ***full resolution of all the noted deficiencies.***

**Recommendation 40 ([See Saint Lucia's report here](#))**

40. Here the deficiencies noted were identical to those of Rec. 35, as they relate to the non-ratification of several UN Conventions and the lack of anti-terrorism laws, and Rec. 35 as they relate to unduly restrictive conditions of dual criminality. As previously noted, these gaps have been closed. The lack of MOUs with foreign counterpart was also cited as a deficiency which Saint Lucia has addressed by signing an MOU with St. Vincent and the Grenadines and FINTRAC of Canada. No updates on the status of MOUs with other countries were provided. The noted gaps for this Recommendation have all been closed resulting in ***full resolution of all the noted deficiencies.***

**Special Recommendation I ([See Saint Lucia's report here](#))**

41. The deficiencies here were identical to those for Rec. 35 and have all been closed resulting in ***full resolution of all the noted deficiencies.***

**Special Recommendation III ([See Saint Lucia's report here](#))**

42. The second follow-up report ([Saint Lucia 2<sup>nd</sup> Follow-up Report](#)) has provided a detailed analysis of Saint Lucia's action to close the deficiencies for this SR. As an addendum to that analysis it is noted here that **s.6** of the ATA creates an offence where any person provides or makes available any financial or related services intending that they be used to commit or facilitate the commission of a terrorist act or benefitting any person who is committing or facilitating the commission of a terrorist act. At **s.7** of the ATA the use of property for the commission of terrorist acts has been criminalised. At **s.8** of the ATA an offence is committed where any person knowingly gets involved in any arrangement which facilitates the acquisition, retention or control of terrorist property by or on behalf of another person. At **s.9** of the ATA dealing with terrorist property has been criminalised so that an offence is committed where any person deals, acquires, enters into or facilitates any transaction, converts, conceals, disguises or provides financial or other services in respect of terrorist property at the direction of a terrorist group commits an offence. Relative to the need for there to be expressed provisions which allow for ex-parte applications to be made under the MLPA for freezing of funds, **s.23** of the MLPA has provided the necessary cure. Here the Court can, upon an ex-parte application by the DPP grant an order freezing the property of, or in possession or under the control of a person who is about to be charged with an offence under the said MLPA. It must be noted that the MLPA is inherently concerned with the proceeds from 'criminal conduct' which is a Schedule 1 offence and such offences include offences under the ATA. Additionally at **s.33 (3)** of the ATA the Commissioner of Police can make an ex-parte application for the detention of property suspected of being related to terrorist financing. **S.35(1)** provides for an ex-parte application to be made before a judge in chambers where there is reasonable grounds to believe that there is in any building, place or vessel, any property in respect of which an order for forfeiture may be made. The other recommendation about formal procedures for recording requests made pursuant to the MLPA will be discussed at Recommendation 32. All the gaps noted for this SR has been closed resulting in *full resolution of all the noted deficiencies*.

**Recommendation 17**

53. The first follow-up report ([Saint Lucia 1<sup>st</sup> Follow-up Report](#)) and second follow-up report ([Saint Lucia 2<sup>nd</sup> Follow-up Report](#)) detailed the action taken by Saint Lucia which have resulted in significant improvement for this Recommendation. Here the Insurance Bill which reportedly contains related administrative sanctions is still to be enacted and it is also still unclear whether the sanctions available to supervisors are in relation to breaches for AML/CFT requirements.

**Recommendation 18**

54. Please see the second follow-up report ([Saint Lucia 2<sup>nd</sup> Follow-up Report](#)) for a detailed analysis of the action taken by Saint Lucia which led to *full resolution of all the noted deficiency*.

**Recommendation 19**

55. The fifth follow-up report ([Saint Lucia 5<sup>th</sup> Follow-up Report](#)) has noted the formal consideration done by Saint Lucia's CFATF Oversight committee and the conclusion that implementing such a system would be financially prohibitive. Consequently there is *full resolution of all the noted deficiency*.

**Recommendation 20**

56. Here the comments of the second follow-up report ([Saint Lucia 2<sup>nd</sup> Follow-up Report](#)) are relevant specifically as they relate to the use of modern and secure techniques for conducting financial transactions. Consequently there is *full resolution of all the noted deficiency*.

**Recommendation 21**

57. Please see the first follow-up report ([Saint Lucia 1<sup>st</sup> Follow-up Report](#)) and sixth follow-up report ([Saint Lucia 6<sup>th</sup> Follow-up Report](#)) for detailed analyses of the action taken by Saint Lucia. It should be noted here that implementation of the recommendation requiring the FIA to disseminate information about areas of concern and weaknesses in AML/CFT systems of other countries is on-going. In this regard pursuant to paragraph 147 of the MLPGNR, issued advisories to the Insurance Council of Saint Lucia and the Bankers Association of Saint Lucia in which countries identified by the FATF as having strategic deficiencies in their AML/CFT regimes were listed. The FIA in these asked the Banks and other financial institutions to apply advanced scrutiny when transacting business with entities in the listed jurisdictions. Saint Lucia has reported that this Circular will also be forwarded to ECCB and the Credit Union Department. It is unclear whether financial institutions in Saint Lucia are required to review these review such information as part of their internal procedures.

**Recommendation 22**

58. Here the examiners had recommended that the details outlined in the guidance note should be adopted in the MLPA. Saint Lucia has instead applied the force of law to the MLPGR thereby resulting in the said obligations becoming enforceable. The examiners recommendation has been met thereby ensuring *full resolution of all the noted deficiency*.

**Recommendation 24**

59. Please see the sixth follow-up report ([Saint Lucia 6<sup>th</sup> Follow-up Report](#)) for a detailed analysis of the action taken by Saint Lucia which led to *full resolution of all the noted deficiencies*.

**Recommendation 25**

60. Please see the first follow-up report ([Saint Lucia 1<sup>st</sup> Follow-up Report](#)) for detailed analyses of the action taken by Saint Lucia in relation to the recommendation that the FIA should circulate its guidance to all stakeholders. With regards to the recommendation about the FIA providing regular feedback to financial institutions on STR filed, the MLPGNR makes provision for acknowledging receipt of the STRs and providing feedback to parties who file STRs. At Appendix G of the said MLPGNR of the format for providing case by case feedback and also for acknowledging receipt of STRs. Saint Lucia has also reported that quarterly meetings are held with compliance officers in relation to filed STR's, generally. Further, there is also specific feedback in relation to a matter where there is a likelihood of prosecution and/or further investigations. Relative to the recommendation about reviewing the involvement of the FIA in the financial community, Saint Lucia has reported that since the evaluation, the FIA has increased its interaction with the financial institutions and other business activities which it supervises. Quarterly meetings are held with Compliance Officers and there is on-going training and onsite audits with the institutions. Owing to the number of entities in the insurance sector, staff at the FIA were assigned specific entities to supervise therefore providing more focused interaction with reporting parties. This action by Saint Lucia has resulted *full resolution of all the noted deficiencies*.

**Recommendation 27**

61. Please see the first follow-up report ([Saint Lucia 1<sup>st</sup> Follow-up Report](#)) for a detailed analysis of the action taken by Saint Lucia which led to *full resolution of all the noted deficiencies*.

**Recommendation 29**

62. Please see the first follow-up report ([Saint Lucia 1<sup>st</sup> Follow-up Report](#)) and the fifth follow-up report ([Saint Lucia 5<sup>th</sup> Follow-up Report](#)) for detailed analyses of the action taken by Saint Lucia. The Board of the FSRA has been appointed and has commenced operations. The Board's first meeting was convened on the 21<sup>st</sup> February 2013. Notwithstanding, the supervisory role has always been undertaken and executed by the trained staff of the FSSU whose role and responsibility was and continued to be harmonization and supervisory practices. The outstanding issue here relates to the fact that Saint Lucia has provided no information to demonstrate implementation of the new provisions.

**Recommendation 30**

63. The now has the two (2) analyst recommended by the examiners having employed an additional analyst from 1<sup>st</sup> March 2013. The UKSAT (Security Advisory Team) has provided training for the DPP's office and the FIA on prosecution, and has also provided training for the judiciary which will facilitate effective prosecution. ECFIAT (formally UKSAT) organised and delivered training for Magistrate and Prosecutors for September 2010. The UKSAT (Security Advisory Team) has provided training for the DPP's office and the FIA on prosecution, and has also provided training for the judiciary which will facilitate effective prosecution. ECFIAT (formally UKSAT) organised and delivered training for Magistrate and Prosecutors for September 2010. There is always on-going training for personnel dealing with ML/FT. Two officers attended Cyber Crime investigations in Antigua. That course had a financial crime investigation aspect as well. Two investigators have received training in interviewing techniques sponsored by ECFIAT and SUATT to assist in the investigation of crime. Training was also held for Magistrate in money laundering and terrorism financing in January 2011. Training for one officer of the FIA was undertaken in July 2011 in financial analysis sponsored by Egmont. A cash seizure seminar for prosecutors and financial investigators was held in August 2011. On the 26<sup>th</sup> and 27<sup>th</sup> of March 2012 ECFIAT and Eastern Caribbean Supreme Court/Judicial Education Institute (JEI) held a mock trial confiscation program for judges, prosecutors and financial investigators. In May 2012 two FIA officers undertook Tactical Analyst training in Spain sponsored by Egmont. There is always on-going training for personnel dealing with ML/FT. Two officers attended Cyber Crime investigations in Antigua. That course had a financial crime investigation aspect as well. Two investigators have received training in interviewing techniques using digital recording sponsored by ECFIAT and SUATT to assist in the investigation of crime. In August 2012 two FIA officers undertook Tactical Analyst training in Spain sponsored by Egmont. In September 2012 two other officers attended a Tactical Analysis Training programme in Antigua. In December 2012, the FIA provided training on customer due diligence, risks, and red flag issues for FSRA staff particularly in reference to the Insurance Industry. Also in January 2013, the FIA completed training with the rest of the Insurance companies. A second inspection and awareness program was also undertaken by the FIA with respect to car dealers and jewellers. In January 2013, the FSRA facilitated a training workshop with a consultant from ECCB wherein part of the training was with respect to onsite inspections which component also dealt with AML/CFT.

**Recommendation 31**

64. **Implementation of this Recommendation is on-going.** In March 2009 Saint Lucia has created a CFATF Oversight Committee to monitor the implementation of the FATF Recommendations and existing AML/CFT legislation so as to ensure they remain effective. This committee, which is comprised of persons from the Police, FIA, DPP, Attorney General’s Chambers, Customs, Inland Revenue and FSRA, has met regularly since it was created. It has reportedly made recommendations for strengthening the AML/CFT framework including amendments to the MLPA. Saint Lucia established a White Collar Crime Task Force (WCCTF) in 2008 comprising high level persons from the Police, FIA, DPP, Attorney General’s Chambers, Customs, Inland Revenue. The WCCTF mandate is primarily to combat white collar crime and this generally includes aspects of combatting ML/TF. This task force meets monthly and is tasked with purpose of cooperating and coordinating domestically to effectively develop and implement AML/CFT policy. An MOU has been signed amongst the members of the White Collar Crime Task Force. MOUs have also been signed between FIA and the Police; FIA and Inland Revenue. Saint Lucia has also reported that in January 2013 the FIA convened bimonthly meetings with the Central Intelligence Unit, Drug Squad, Custom Intelligence Unit and Special Branch.

**Recommendation 32**

65. The CFATF Oversight Committee has undertaken the SIP exercise which allowed for a systematic review of Saint Lucia’s overall ML and FT system in combating money laundering and terrorism. The statistics provided will be presented under the heading of Implementation Elements.

**Implementation Elements**

66. Saint Lucia has produced the following statistics to demonstrate the effective implementation of the Recommendations:
67. Laws and Regulations (R.3)

**Table 5: Orders and their values**

70. There was person extradited under the Extradition Act and one person surrendered under the Backing of Warrants Act.

**Recommendation 33**

71. This Recommendation continues to remain outstanding. To date Saint Lucia efforts at implementing the examiners recommendations was to implement a Pinnacle database.

**Recommendation 34**

72. In March 2009, an automated system was introduced in the Registry of Companies which allows for timely and easy verification of the type, nature, ownership and control of legal persons regulated by the Registrar of Companies. None of the deficiencies noted in the MER have been addressed.

**Recommendation 37**

73. Please see the analysis for [Recommendation36](#). The action taken by Saint Lucia has led to *full resolution of all the noted deficiencies*.
74. Please see the second follow-up report ([Saint Lucia 2<sup>nd</sup> Follow-up Report](#)) for a detailed analysis of the action taken by Saint Lucia which led to *full resolution of all the noted deficiency*.

**Special Recommendation VI**

75. Please see the first follow-up report ([Saint Lucia 1<sup>st</sup> Follow-up Report](#)), third follow-up report ([Saint Lucia 3<sup>rd</sup> Follow-up Report](#)) and fourth follow-up report ([Saint Lucia 4<sup>th</sup> Follow-up Report](#)) detailed analyses of the action taken by Saint Lucia which led to *full resolution of all the noted deficiencies*.

**Special Recommendation VII**

76. **This SR continues to be outstanding** pending the enactment of amendment to existing legislation to address the deficiency related to wire transfers where there are technical difficulties.

**Special Recommendation VIII**

77. By Statutory Instrument No 144 of 2012 dated 12th November 2012 the Schedule of the MLPA was amended by including Non –Profit Companies and Non –Profit Organisations as other business activities. Consequently NPOs now have the same obligations as financial institutions and DNFBPs. Please see the first follow-up report ([Saint Lucia 1<sup>st</sup> Follow-up Report](#)), third follow-up report ([Saint Lucia 3<sup>rd</sup> Follow-up Report](#)) and fourth follow-up report ([Saint Lucia 4<sup>th</sup> Follow-up Report](#)) detailed analyses of the action taken by Saint Lucia relative to NPOs. For this period Saint Lucia has reported having approved an additional 10 NPO applications and have sensitized and trained the directors on Mal/CFT and the MLPA requirements. Saint Lucia now has to demonstrate the relevant AML/CFT provisions are effectively implemented. *This SR remains outstanding*.

**Special Recommendation IX**

78. Please see the first follow-up report ([Saint Lucia 4<sup>th</sup> Follow-up Report](#)) and sixth follow-up report ([Saint Lucia 6<sup>th</sup> Follow-up Report](#)) for detailed analyses of the action taken by Saint Lucia thus far. *This SR remains outstanding.*

**CONCLUSION**

79. Since the adoption of the MER Saint Lucia has developed and executed a reform agenda that has resulted in the great majority of Recommendations being fully resolved. Of the Core and Key Recommendations, Rec 4 now has a very minor deficiency. For the ‘Other’ Recommendations Recs. 17, 21, 29, 33, 34, and SR. VII, VIII and IX remain outstanding whilst awaiting attention for legislative action. Throughout the follow-up process however the Jurisdiction has kept all the legislative commitments it made within its self-imposed deadlines. In this context Saint Lucia has indicated that it will cure all the remaining deficiencies by June 2013. There are currently no significant outstanding deficiencies.
80. Based on all of the above it is recommended that Saint Lucia’s request for removal from Regular follow-up to biennial updates be accepted and the Jurisdiction be asked to provide a written update to the November 2013 Plenary to be followed by updates every two (2) years commencing from November 2013.

Dear Ms. Spicer;

**Re: Application for Removal from Regular Follow- up Process**

In furtherance to our letter dated 26th February 2013 in relation to the captioned subject please find a detailed compilation of all the actions taken by Saint Lucia in relation to the Recommended Actions following the November 2008 mutual evaluation.

Saint Lucia has attempted to address each Recommended Action (column 4) identified in the Matrix in a succinct manner.

It is submitted that Saint Lucia has taken sufficient action and steps in addressing the outstanding identified issues to be removed from regular follow-up to biennial updates, not only in relation to the Key and Core Recommendations but also in relation to the Other Recommendations.

Should there be need for any further clarification and assistance, Saint Lucia shall oblige.

Sincerely

signed

<b>Recommended Action</b>	<b>Actions Taken</b>
<ul style="list-style-type: none"> <li>• Despite the lack of ML prosecutions there have been convictions for predicate offences and the reasons elucidated are not attributed to a lack of restraint action nor from lack of action by the DPP to suggest a less than effective attempt at obtaining a court sanction. The absence of any confiscation speaks to legislation that has never been tested.</li> </ul>	<ul style="list-style-type: none"> <li>• This recommendation is a key recommendation and was rated PC.</li> <li>• According to the examiners, that rating was given largely because of Saint Lucia’s inability to demonstrate that the legislative provisions which were in place at the time of the assessment were being effectively utilised.</li> <li>• Subsequent to the mutual evaluation and the first follow-up report St. Lucia has made significant progress to effectively close the gaps highlighted by the examiners.</li> <li>• In 2010 and 2011 the Proceeds of Crimes Act Chapter 3.04 of the Revised Laws of St. Lucia (POCA) was amended by Proceeds of Crime (Amendment) Act No. 4 of 2010 and No.15 of 2011 to include sections 29A and 49A.</li> <li>• Section 29A provides for the seizing and detention of cash when found at the border or anywhere in St. Lucia, where there are reasonable grounds for suspecting that the cash directly or indirectly represents a person’s proceeds of or were intended for use by him in criminal conduct.</li> <li>• Section 49A provides for the forfeiture of the detained cash where it is satisfied on an application made, that the cash directly or indirectly represents any person’s proceeds of, or benefit from, or is intended by any person for use in, the commission of criminal conduct.</li> <li>• There has been effective implementation of sections 29A and 49A of POCA. However, section 6 of the MLPA provides similar powers to what obtains with the Production Orders prescribed by POCA.</li><li>• The provisions under section 6 of the MLPA give the Financial Intelligence Authority (F.I.A) the power to oblige financial institutions to produce information for the purpose of money laundering investigations. As a consequence most of the information obtained by the F.I.A from the financial institution is done by way of Director's Letter. During the period May 2012 to November 2012 the F.I.A has served 120 Director's Letter on financial institutions.</li><li>• The F.I.A has obtained 12 Restraint Orders to date, restraining property valued at XCD11,139,742.00 pending confiscation proceedings. There is one confiscation hearing currently before the High Court and that matter is scheduled for the 17<sup>th</sup> and 18<sup>th</sup> of April 2013.</li><li>• Recommendation 3 is to be read in conjunction with Special Recommendation iii. In that regard the Anti-Terrorism Act No 36 of 2003 came into force on 15<sup>th</sup> December 2008.</li><li>• Offences under the Anti-Terrorism Act are captured as Criminal Conduct in schedule 1 of the MLPA as well as Schedule of POCA. That power can be exercised whether or not any proceedings have been instituted for an offence under the ATA in respect of the property. Section 35 of the ATA makes provision for the Court to restrain property in respect of which a forfeiture order may be made.</li> <li>• Section 27 of the ATA provides for the Commissioner of Police to share information with international agencies. Section 32(2) provides for the Financial Intelligence Authority of St. Lucia to disclose to the Financial Intelligence Unit of a foreign state any information in its possession relating to terrorist property.</li> </ul>

	<ul style="list-style-type: none"> <li>• In relation to domestic sharing of information section 5(2) of the Money Laundering (Prevention) Act No.8 of 2010 provides for the F.I.A to receive information from other domestic law enforcement agencies while the MLPA (Amendment ) Act of 2011 provides for the F.I.A to share information with the Inland Revenue Department, Customs Department and the Police. An MOU has also in effect between the law enforcement agencies.</li> </ul>
<p>Further, there needs to be an expressed provision which allows for exparte applications for freezing of funds to be made under the MLPA.</p>	<ul style="list-style-type: none"> <li>• Further section 32(1) of the ATA places an obligation on any person to disclose information relating to terrorist property to the F.I.A.</li> <li>• In relation to the freezing of property Section 33(3) of the ATA prescribes for the Commissioner of Police making an ex-parte application for the detention on property suspected of being related to terrorist financing. Section 35(1) provides for an ex-parte application to be made before a judge in chambers where there is reasonable grounds to believe that there is in any building, place or vessel, any property in respect of which an order for forfeiture may be made.</li> <li>• In addition to the ATA, offences under the ATA fall under the Schedule of offence in the Proceeds of Crime Act which enables funds to be frozen where the offence of terrorism financing is committed. This can be done under section 30 of the Proceeds of Crime Act.</li> <li>• Further section 23 of the MLPA makes provision for ex parte applications for freezing of funds.</li> </ul>
<p>Also, the St. Lucian authorities need to ensure that there are provisions to allow contact with UNSCR and the ratification of the UN Convention on the Suppression of Terrorist Financing.</p>	<ul style="list-style-type: none"> <li>• St. Lucia ratified the International Convention for the Suppression of Financing of Terrorist Financing on 18<sup>th</sup> November 2011.</li> </ul>
